

Top Leaders Of U.S. In Ultra-Secret Meet

'No Comment' Is Standard Reply Given

Washington, July 14—(AP)—President Truman met for two hours and 33 minutes tonight with top cabinet, military, atomic and congressional leaders on a matter so secret none of the participants would discuss it.

Chairman Tydings (D-Md.) of the Senate Armed Services Committee who left the meeting about midway in the special session held at the Blair House, told a reporter: "You wouldn't want a news beat on this. You wouldn't print it if you had it for the good of the country."

Bad Cold
Tydings, who said he left the session because of a bad cold, was asked whether the extraordinary party concerned "Russia and the atomic bomb."

"I wouldn't think so," he replied. As the conference broke up, Vice President Barkley set the tone for the other conferees, who included Secretary of State Acheson, Secretary of Defense Johnson and General Dwight D. Eisenhower.

When asked by reporters if he could say anything about the session, Barkley replied: "Not a damn thing."

Later he asked the newsmen who had been waiting in the rain for hours to eliminate that remark and quote him as saying:

No Statement
"I've got no statement of any kind."

He said there would not be any statement by anyone "unless the President decides to make one."

And Chairman McMahon (D-Conn.) of the joint Senate-House atomic committee told reporters that he did not believe there would be a statement from the President, certainly not tonight.

The presence of David E. Lilienthal of the atomic energy commission and members of the congressional committee on atomic energy raised speculation that the top level conference dealt with some aspect of the atomic weapons question.

Senator Vandenberg (R-Mich.) minority leader of the Senate foreign relations committee, gravely told reporters he had nothing whatsoever to say about the conference and said they need not "telephone me at home."

Hot Evening And Rainy
Gen. Eisenhower was asked "what do you make of this?"

"It's a hot evening and rainy," the general responded pleasantly but gave out no information on the conference.

The last to leave the conference were Secretary of Defense Johnson and Secretary of State Acheson.

They stood in the doorway chatting with the President, who was smiling, for a few minutes before leaving.

Acheson was asked if there would be any statement and he said: "Will the President have one?" a reporter asked.

"I don't know," Acheson replied.

The President after seeing Johnson and Acheson to the door, turned back into the anti-room and the door was closed, indicating that he was planning no statement.

The secrecy ban was so strict that photographers were not even permitted to take pictures of the conferees as they left.

The secret service said it had orders from the President's press secretary that there would be "no pictures."

E. F. Prichard Gets Two Years In Case Of Election Fraud

Lexington, Ky., July 14—(AP)—A federal court jury today convicted E. F. Prichard, Jr., 34, of conspiracy in the Bourbon county election fraud case and acquitted his law partner, A. E. Funk, Jr., 27.

Prichard is a former aide to top governmental officials in Washington, including Chief Justice Fred M. Vinson and Associate Justice Felix Frankfurter. He also was attorney for the Democratic National committee.

Judge H. Church Jr. sentenced Prichard to serve two years in prison without any additional penalty in the form of a fine. The maximum punishment would have been \$5,000 fine and ten years in prison.

Prichard told the court he would make no statement immediately. His counsel said the decision would be appealed, probably tomorrow morning.

Russ 'Little Blockade' Of Berlin Is Lifted

Berlin, July 14—(AP)—The Russians, turning on the charm, lifted their "little blockade" of West Berlin today.

The main highway from the western allied zones, running from Helmstedt to Berlin, was crowded with Berlin-bound German trucks after five days of Soviet slow-down tactics at the zonal border.

With truck traffic back toward normal, British sources disclosed the first reductions in the Anglo-American airlift fleet. More airlift cut-backs are to be made as trains, trucks and barges boost their supply shipments.

The Russians ended the slow-down blockade, which had cut truck traffic at Helmstedt to four vehicles an hour, as mysteriously as they started it—without any official explanation.

Like capitalistic go-getters selling service with a smile, they went all out today to speed truck shipments through the Helmstedt checkpoint.

They kept nine other border crossing points closed to Berlin-bound truck cargoes. But they cleared trucks faster than one a minute at Helmstedt and wiped out a jam that reached 500 vehicles yesterday.

The U. S. air force has not yet followed the British in reducing its section of the Berlin airlift. American four-engine C-54 transports accounted for 80 per cent of the 8,759 tons of coal and food flown here in the last 24 hours.

But it is no secret that the Americans also expect to speed up their airlift operations by winter, if Berlin's land and water routes stay open.

A survey of British airlift strength showed 15 aircraft chartered from civilian companies have already been withdrawn. Another four will leave Germany this week. These reductions will leave 15 civilian planes in temporary service.

Jake Bird To Die After Many Trials And 'Hex' Deaths

Walla Walla, Wash., July 14—(AP)—Jake Bird, convicted murderer with a flair for legal maneuvering, is scheduled to die on the gallows at midnight (Pacific Standard Time) tonight.

The 48-year-old negro heard early today of the U. S. supreme court's refusal to stay his execution for the ax murder of Mrs. Bertha Kludt of Tacoma. Twice before the court has refused to review his case.

More than a year ago Bird admitted either committing or knowing about 44 murders. Police investigators from all over the country came to interview him.

The records bear out that Bird's volunteered confessions were not all boasting. At least eleven murders in Iowa, Colorado, Utah, Indiana, Nebraska and Washington have been solved as a result of his capture.

The scantily-educated slayer, whose knowledge of law has confounded jurists and lawyers, has carried his case four times to a federal district court and more than a half dozen times to state superior courts on appeal. Three times he has risen to hear the reading of his death sentence.

A bizarre touch in his legal wanderings has been the so-called "hex" deaths of five men involved in his first trial.

He muttered following his first sentencing that most of the people in the courtroom "will die before I do." The judge, court clerk, undersheriff, a detective and his attorney have died unexpectedly since that time.

MacArthur Blasts Russian Charges

Tokyo, Friday, July 15—(AP)—General MacArthur said today Russian charges of labor suppression and police brutality in Japan "bear striking testimony to the 'outlaw' character of those who so mendaciously make them."

The supreme allied commander was replying to accusations made Wednesday in Washington by Soviet Ambassador Alexander S. Panushkin before the Far Eastern commission.

The ambassador said the Japanese government and MacArthur have launched a "brutal" campaign to suppress "Democratic elements."

Say Eastern Europe May Cut Ties To Pope

Rome, July 14—(AP)—Soviet-controlled eastern Europe may soon snap its last frayed diplomatic tie with the Roman Catholic church, Vatican informants forecast tonight.

A papal decree announced yesterday, excommunicating all Catholics who persistently and actively espouse communism, may hasten the break.

Vatican sources said Czechoslovakia is expected momentarily to sever relations with the Holy See. Czechoslovakia is the only remaining Soviet-dominated nation which still maintains regular, two-way diplomatic intercourse with the church.

Communists reacted bitterly to the historic excommunication decree by Pope Pius XII, reading all militant communists out of the church. A monumental battle of ideas was joined.

Vatican observers expressed belief the decree will "prick the conscience" of wavering Catholics. They pointed out that the decree draws a distinction between Catholics who

started it—without any official explanation.

Like capitalistic go-getters selling service with a smile, they went all out today to speed truck shipments through the Helmstedt checkpoint.

They kept nine other border crossing points closed to Berlin-bound truck cargoes. But they cleared trucks faster than one a minute at Helmstedt and wiped out a jam that reached 500 vehicles yesterday.

18-Year-Old Girl Chosen As Illinois Dairy 'Dream Girl'

Peoria, Ill., July 14—(AP)—June Bostrom, an 18-year-old strawberry blonde, was chosen the Illinois dairy "Dream Girl" tonight.

The hazel-eyed Chicago model won the title in competition with girls from seven other Illinois cities. She received a \$150 cash award and will appear 10 days at the Illinois state fair in August.

Miss Bostrom, who is five feet nine inches tall, lives with her parents, Mr. and Mrs. J. Bostrom at 2924 North Newcastle avenue, in Chicago. She received a bouquet of roses from last year's dream girl, Pat Monroe of Decatur.

The "Dream Girl" contest was sponsored by Peoria dairies.

Other candidates were from Olney, Cerro Gordo, Springfield Valley, Bloomington, Harvard, Pana and Vandalia.

Nationalists Vow To Fight To Finish Against Commies

Canton, China, July 14—(AP)—Generalissimo Chiang Kai-Shek and Premier Yen Hsi-Shan both vowed tonight to push a finish fight against the Chinese communists.

Both said war was the only possible solution since peace overtures had failed.

Chiang issued his fighting statement shortly after arriving at this provisional capital of nationalist China for the first time in 13 years. He did not see correspondents, but was busy with a steady stream of official calls.

Premier Yen spoke in similar vein at a news conference.

Chiang's press statement acknowledged "today the communists are threatening South China," but called on the people to rally behind Premier Yen and Acting President Li Tsung-Jen. He urged them to "rise as one man and fight until final victory is attained."

SECRET SERVICE MAN DIES

Atlanta, July 14—(AP)—George Hamilton Brodnax, Sr., in charge of secret service men at the attempted assassination of President-Elect Franklin D. Roosevelt at Miami in 1933, died at his home today. He was 72.

Tightening Of Unification Law Makes Much Progress

Washington, July 14—(AP)—A drive to tighten the military unification law by a combination of legislation and an executive order made spectacular progress today.

Only two days ago the legislation had suffered a stunning setback. This is what happened today:

1. The House armed services committee, by a 27 to 0 vote, approved legislation establishing a central accounting system for the billions of dollars of military spending. Its advocates claim it will permit savings of more than a billion dollars a year.

2. Rep. Vison (D-Ga.), chairman of the committee, announced that President Truman has prepared an executive order to give the secretary of defense greater direct authority over the army, navy and air force.

President Truman confirmed at a news conference that he is working on the order.

The order and the legislation, together, will do everything that was proposed in a general unification bill that got sidetracked in the committee Tuesday, Vinson said.

No explanation was offered for the sudden about-face by the committee. When the unification bill was set aside two days ago, some members predicted that was the end of it for this session.

Several factors that may have influenced today's decision were unmistakably clear, however.

Members of the senate armed services committee were ailed about the sidetracking of the unification measure so much so that they talked of throwing a brake on consideration of a military pay increase bill, which has been approved by the House. Some senators said it would be hard to justify a pay hike for the military if the economics promised in the unification bill were to be denied.

Sudden Walkout Cripples New York City Bus Lines

New York, July 14—(AP)—A sudden strike that began with the walkout of 350 CIO maintenance workers mushroomed today to all 21 lines of the big New York City omnibus corporation.

The walkout tied up more than 800 buses which carry an estimated 925,000 daily riders. It also threatened to spread by midnight to another key transit system—the Fifth Avenue coach corporation, which hauls some 200,000 passengers daily. The two companies are under joint ownership.

The unscheduled strike began mildly with the pre-dawn walkout of maintenance workers from an omnibus corporation garage. They quit in protest against the dismissal of four mechanics.

The company immediately termed the stoppage unauthorized. But the CIO transport workers union quickly threw its support to the striking local and by 10 a. m. (CST) the strike had spread to all lines operated by the company.

Negro Testifies Robeson Wishes To Be 'Black Stalin'

Washington, July 14—(AP)—An admitted former communist swore today that negro singer Paul Robeson has been a member of the communist party for many years and is ambitious to become "The Black Stalin."

The House Un-American Activities committee got that testimony from Manning Johnson, himself a negro, now an official of the AFL retail clerks union in New York.

Johnson, who said he left the communist party in 1940 after 10 years as an organizer and high official, told the committee that Robeson was assigned to "certain secret work that was intercontinental." He said there is "not one iota of doubt about Robeson's membership."

For two days, the committee has been receiving testimony from negroes who said Robeson was badly mistaken in his recent declaration that American negroes won't fight Russia in event of war.

Johnson said the singer's position was kept secret from rank and file party members because his work was "highly secret and confidential."

Scott Says He'll Quit If Suitable Leader Is Found

Washington, July 14—(AP)—Rep. Hugh D. Scott, Jr., said today he would quit the chairmanship of the Republican National committee if a successor is found who can harmonize the party's various factions.

But he indicated he would not be forced out of the four-year job for which he was chosen last summer by Pennsylvania leaders and Gov. Thomas E. Dewey after the latter's nomination for the presidency.

Bearing this out, friends of the Philadelphia congressman told newsmen that if opposition factions try to force his hand he will call an immediate meeting of the national committee for another showdown.

They claimed Scott now has 58 or 60 committee votes behind him as against 42 or 40 in opposition. This compares with a 54-50 vote of confidence he received at an Omaha meeting last January.

Two Electrocut As Cable Falls

Bloomington, Ind., July 14—(AP)—A quarry worker and a housewife a quarter mile apart were electrocuted today when a heavy voltage cable fell across a telephone line and charged it.

The quarryman, Earl Quillan, 48, of Sanders, Ind., was killed at the Kelly quarry, where the cable fell. He touched the fallen cable.

A quarter mile away, and extension of the telephone line had fallen and was showering sparks. Mrs. Edna Conder, 44, tried to cut it with a pair of scissors and was killed.

Girl, 17, Who Shot Married Admirer Faints In Cell

Waukegan, Ill., July 14—(AP)—A 17-year-old blonde awaiting trial on a charge of murdering a middle-aged married admirer fainted in her jail cell today and was taken to a hospital.

Sheriff Stanley Christian said the girl, Joyce Schumaker, had eaten scarcely anything for two days. He ordered an analysis of her stomach contents to determine if she had taken poison.

She is charged with the fatal shooting of Carl Reeder, 52, clerk and janitor at Waukegan township high school, in his automobile parked on a Lake Michigan beach. Her trial was continued today until July 25.

The girl is a laundry worker. Authorities quoted her as saying she shot Reeder because she was not satisfied with his assurance that he would divorce his wife and marry her after he "straightened things out."

Police Chief William A. MacDonald said Miss Schumaker's girl friend, Joyce Kilpatrick, 17, witnessed the shooting.

Demonstrate Farm Sprinkler System That Is Portable

Woodstock, Ill., May 14—(AP)—A newly developed portable farm sprinkler system capable of pouring water over an area an eighth of a mile long and 60 feet wide was demonstrated near here today.

The system, made of light, flexible aluminum pipe, can handle 200 gallons of water a minute. Revolving sprinklers are spaced at 30 feet intervals.

When one area has been irrigated the tractor drawn system can be snaked over to another area. McHenry county Farm Adviser W. H. Tommeus demonstrated that the sprinkler is so light it can be handled by one man.

Tommeus said the sprinkler also can be used to spread weed killer and fertilizer. He said it was designed as a low cost unit and would pay for itself in one year on some farms through increased yields.

The demonstration was given by the McHenry county Farm Bureau in cooperation with the University of Illinois on the farm of George Pellegrin, five miles northwest of Woodstock.

Will Not Dismiss Conspiracy Charge Against Corn Co.

Washington, July 14—(AP)—The federal trade commission today denied motions by nine corn products manufacturers to dismiss a complaint which charges them with conspiracy to fix prices and with price discrimination.

Eight manufacturers joined in asking for a dismissal of entire complaint.

The Corn Products Refining Co., New York, and its affiliated companies, asked a dismissal, or dropping the price-fixing count and issuing a revised complaint on the discrimination charge.

The companies held that the practices with which they are charged were abandoned nearly two years before the complaint was issued, and that therefore no public benefit would be served by pushing the case.

The commission replied that the abandonment of illegal practices does not bar FTC from issuing a cease and desist order.

KILLED BY ROAD GRADER

Rockford, Ill., July 14—(AP)—Mary Rebecca Jansen, 4, was killed today when a road grader ran over her head. The driver, A. W. Martinson, was not held. Mary Rebecca was the daughter of Mr. and Mrs. Carl W. Jensen.

Orders U.S. Spending In Areas Of No Work

Britain Cuts Dollar Spending By Fourth

London, July 14—(AP)—Britain slashed her dollar spending by one-fourth today to save her dwindling reserve of gold and dollars.

To austerity-ridden Britons, the crisis cuts will mean less food, fewer clothes and a new spell of rationing.

To farmers and businessmen in the United States, Canada and other countries which sell for dollars, it will mean fewer shipments to Britain of tobacco, sugar, timber, non-ferrous metals, steel, paper and pulp.

The news was told to the House of Commons by Sir Stafford Cripps, boss of Britain's economic drive. He said dollar spending this year will be cut to \$1,200,000,000—\$400,000,000 less than was spent in 1948.

The labor government's gaunt-faced chancellor of the exchequer called the slash "a thoroughly evil necessity." He said he hoped the cuts would be temporary. Laborites and conservatives alike listened glumly.

The severe economy campaign is necessary because of Britain's critical dollar shortage, Cripps declared. It is, he added, the first move in a long, hard campaign which, if successful, would be an important

Selznick Says He And Jennifer Had Only 1 Ceremony

Cannes, France, July 14—(AP)—Film producer David O. Selznick said today he and Jennifer Jones, his bride of a day, really went through only one marriage ceremony together.

The couple returned to the French Riviera from Genoa, Italy, where they were married last yesterday by Dr. Paolo Lucarelli, the city's chief of vital statistics. They made the cruise aboard a rented motor yacht.

Selznick denied the announcement of an Italian coastal resort, that the two were married by the yacht captain off Portofino yesterday morning. The producer said no ceremony was performed aboard the yacht.

He and Miss Jones are honeymooning in a hotel apartment on Cap d'Antibes, playground for world society. He was interviewed as he headed to the beach for a swim. Miss Jones remained in the apartment.

Man, Once Called Criminal No. 1, Freed By Court

Chicago, July 14—(AP)—Irvin Kaden, 38, described as "one of the most dangerous and roughest criminals at large" by J. Edgar Hoover in 1942, is at large again—by court sanction.

Kaden, also known as the "one man crime wave" in 1942, won complete freedom today when a \$2,500 bond he posted pending an extradition hearing was released by Chief Justice James J. McDermott of criminal court.

The bond was released after word was received from Wayne county, Mich., that authorities there no longer seek Kaden's extradition on a robbery charge.

Kaden, formerly a postal clerk, was accused of 75 robberies after he deserted the army at Camp Grant, Ill., July 14, 1942. These depredations resulted in FBI Chief Hoover terming him the most dangerous criminal at large.

U.S. Steel Asks Change In Proposed Terms

Washington, July 14—(AP)—With the deadline for a steel strike rushing closer, the U. S. Steel corporation tonight asked President Truman to change the terms of his peace proposal.

The huge corporation, pace-maker for the steel industry, requested that the president's proposed fact-finding board be given no power to recommend a settlement.

There was no immediate comment from the White House.

Shortly before the company sent a telegram to the president, the CIO United Steelworkers union said it is ready to strike at midnight Friday night against four companies—U. S. Steel, Bethlehem, Republic, and Inland, employing a total of 316,000 members of the union.

Those firms have not agreed to appear before a special fact-finding board, outside the terms of the Taft-Hartley act, which the president is appointing tomorrow.

Philip Murray's big steel union has agreed to a 60-day postponement of the walkout at companies which agree to appear before the board.

In Pittsburgh, Murray declined to comment on tonight's U. S. Steel telegram. He said he would hold a news conference tomorrow. But a source close to Murray said: "The latest U. S. Steel offer is merely repetitious. It doesn't say a thing that hasn't been said before."

Earlier, in Washington, Arthur Goldberg, the union's general counsel, said U. S. Steel, Bethlehem, Republic, and Inland are the four firms now definitely on the strike list.

Government officials said other steel companies had either accepted the president's plan or had not yet made their position clear. Many firms apparently were marking time before committing themselves.

Benjamin Fairless, president of U. S. Steel, made his tensest-awaited reply to Mr. Truman's second appeal last night in which the president strongly urged that company and Bethlehem and Republic to cooperate with the board.

Washington, July 14—(AP)—President Truman today ordered top administration officials to concentrate government spending in areas hardest hit by unemployment.

He disclosed this new move to fight an economic decline at a news conference in which he also:

1. Called for ratification of the Atlantic pact without reservations. **No Aid To Spain**

2. Described Franco Spain as a nation with which this country is not on friendly relations and opposed a \$50,000,000 loan to that country as proposed in the Senate.

3. Stoutly defended federal district Judge Kaufman's conduct of the Alger Hiss perjury trial, and criticized those who have said Kaufman was partial to Hiss. Mr. Truman said Kaufman is a good judge.

4. Expressed hope that U. S. steel and other disputes to his proposed 60-day truce in the steel labor dispute will change their minds and avoid a work stoppage.

5. Labeled as that gang the sponsors of a proposed civil rights conference to demand an investigation of the federal bureau of investigation.

No Comment
He said he had no comment on anything that gang wants to do. This came when he was told that sponsors of the meeting in New York this weekend included Henry Wallace; Clifford Durr, president of the national lawyers' guild and Paul Robeson, Negro singer.

6. Disclosed he had talked over the New York senatorial race with Mayor William O'Dwyer, who, he said, brought it up at the White House this week. Mr. Truman said he did not discuss O'Dwyer's decision to seek reelection as

TRUE LIBERALISM ADAPTS ITSELF TO CHANGING TIMES

What does it mean to be a liberal? In the 19th century, liberalism meant a high degree of freedom from government restrictions in both the economic and political realms. It set the stage for the commercial and industrial growth that made over much of the world.

In the 20th century, by an odd twist, liberalism seems to symbolize the very opposite tendencies: bigger government, more restrictions, less room for free choice.

How can the term "liberalism" have any worth if it can be stretched to cover these extremes?

Let's wade into the confusion surrounding this sadly overworked term and see if we can't determine whether it still has any value.

To have any continuing meaning, liberalism clearly must be defined in a manner that will make it adaptable to changing times and conditions.

To define it thus means to free it from any permanent association with a fixed pattern of ideas, whether social, economic or political. In other words, it can't be identified with a pat political doctrine, for political philosophies become outmoded and die.

Obviously, if liberalism means just the 19th century variety, it is practically dead today. If it means big government, it might wither away in some future time when trends perhaps veer in another direction.

Couldn't it be possible that liberalism is really an attitude, a way of thinking that shifts to meet the varying circumstances of an always changing society? But what sort of an attitude?

The record of history suggests an answer. The men who have earned the liberal label seem to have had in common a bold willingness to experiment, to try the new, to shatter old frameworks in quest of solutions to pressing human problems.

By contrast, conservatives appear most often to search for answers within the existing structure of society. They may be no less concerned with solving human problems; they simply are predisposed to solve them without breaking new ground.

If a liberal is properly defined as a ground breaker, then in one era he may favor fewer government restrictions and in another he might seek more. His eye is on the problems facing society. He feels no allegiance to any cause but their solution.

Liberalism thus characterized is not a monopoly of any political party. It may exist side by side with conservatism—and does—in both major U. S. parties. By the same token, any individual may exhibit both liberal and conservative tendencies.

But the liberal attitude must show itself in action if it is to count. It is hardly enough to announce "I am a liberal," in the hope that you thereby establish yourself on a high plane of righteousness. You earn the label solely by seeking liberal solutions to problems.

Furthermore, it is just as honorable and important to be a conservative. Society is not always breaking new ground in all directions; much of the time it is busy nurturing and improving ground already broken.

Liberalism and conservatism represent our most fundamental attitudes toward life. They are natural tendencies that ought to be honestly expressed. Nothing is sillier than to regard liberalism automatically as a cloak of virtue. It is a sound, useful attitude; but it is not the only one a man of good will can have.

MARRIED IN GERMANY

MR. AND MRS. GREGORY MANDEVILLE

Announcement has been made of the marriage of Gregory W. Mandeville, son of Thomas Mandeville of this city, to Miss Dena Shiamanna, daughter of Frank Shiamanna of San Francisco, Calif. The ceremony took place in St. Sebastian's Catholic church in Frankfurt, Germany.

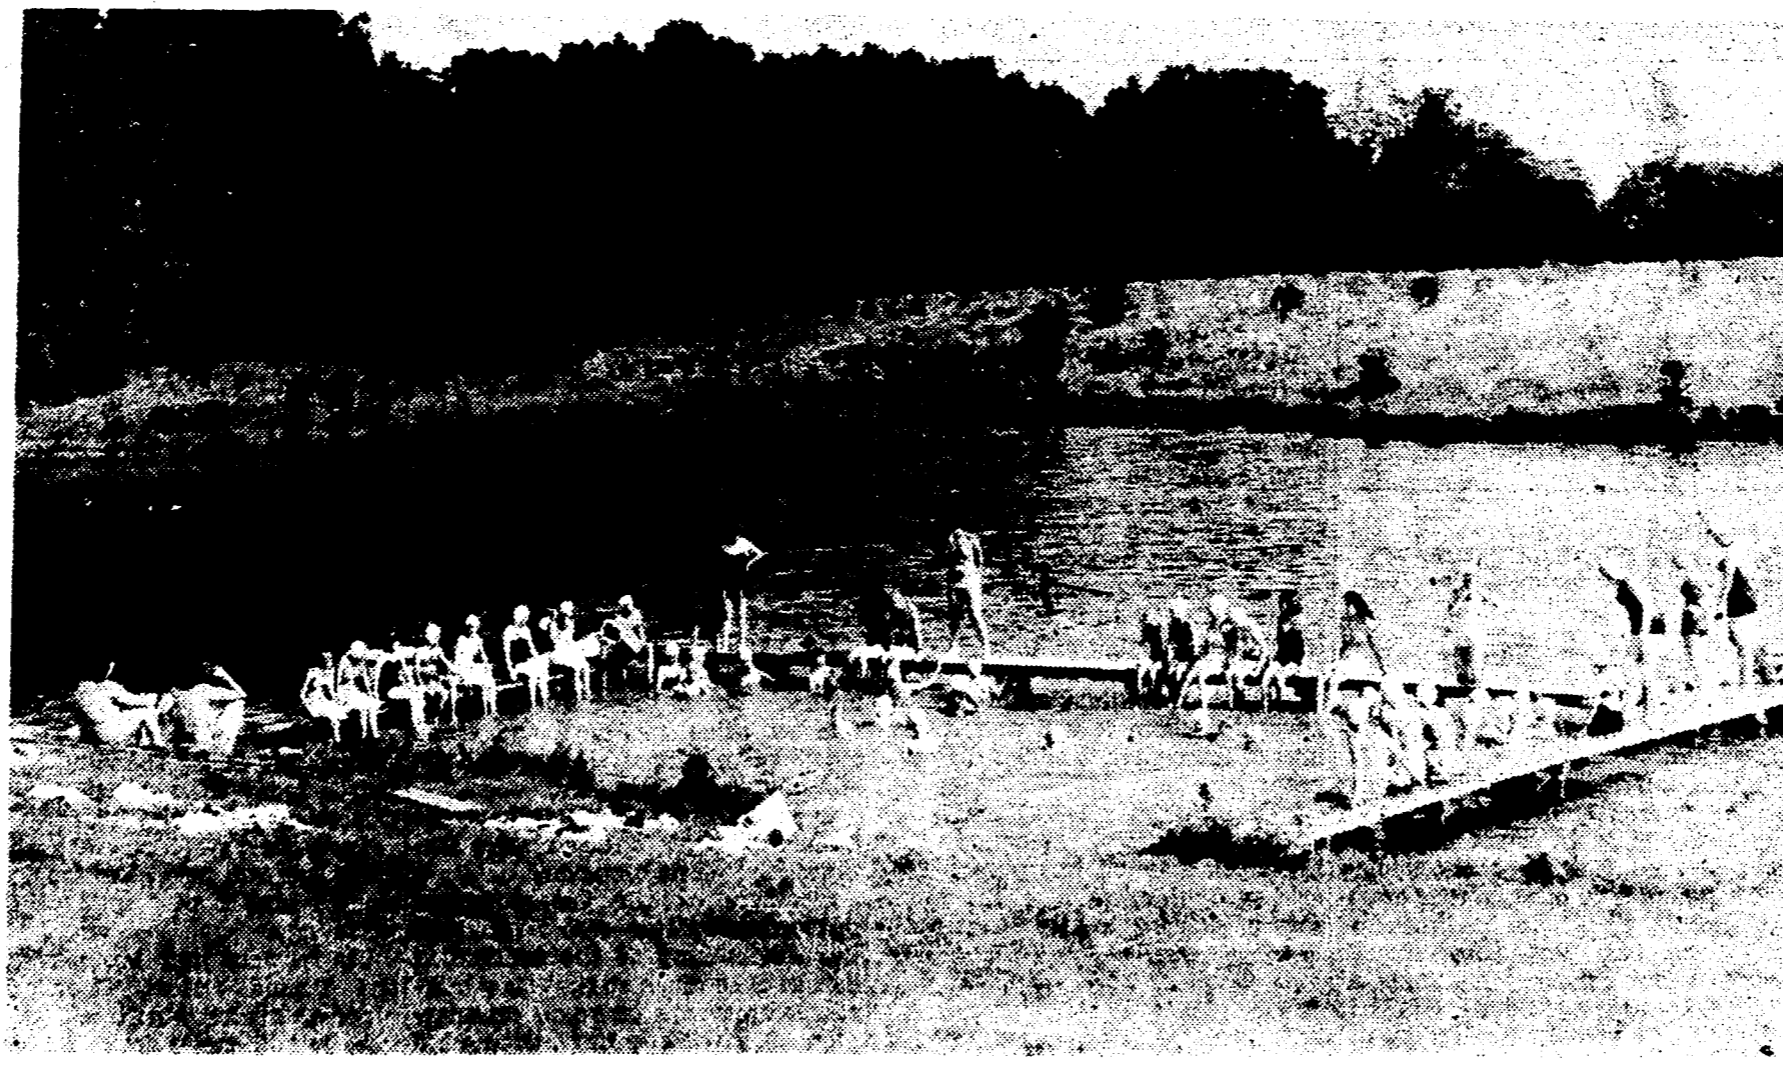

The bride was attended by Mrs. Hugh W. Wolff of Paris, France; D. Walter Robbins of West Baden, Ind., served as best man.

Following a reception at the home of Charles F. Blackman, deputy military governor of Frankfurt, the couple left for an extended honeymoon in Italy.

Mrs. Mandeville is a graduate of the University of Wyoming and the Institute of Public Affairs in Washington, D. C. While at the University, she was a member of the honorary scholastic societies, Phi Beta Kappa, Phi Kappa Phi, and Mortar Board. During World War II, Mrs. Mandeville was engaged in relief and welfare work with the State department in Egypt, Greece, and Italy. At the present time she is with the Export-Import Agency of the United States and Great Britain, in the trade negotiations department.

Mr. Mandeville is a graduate of Routt College high school with the class of 1942, and of the foreign service department of Georgetown University in Washington, D. C., where he was a member of Delta Phi Epsilon, which he served as president during his senior year. During his four years in Washington, he was employed by the war department as a classification analyst, and the following year held a similar position in Frankfurt.

4-H WATER SAFETY INSTRUCTION AT LAKE JACKSONVILLE

Water safety lessons are an important part of the daily program at the Western Illinois 4-H camp on Lake Jacksonville. Swimming in designated areas is permitted at other periods, under the supervision of trained life guards.

The picture shows a group of Cass, Calhoun and Sangamon county girls learning essential rules of water safety from Miss Charlyn Leeper of Canton, standing center. The three counties have sent 174 4-H boys and girls to the new camp.

Top-Grade Comedian Can Make A Million A Year

BY HAL BOYLE

New York, July 14.—(P)—"Want-ed: One new top grade comedian. Potential salary—\$1,000,000 a year."

No one has put an ad like that in the paper. But that's the situation today in show business. There's a crop shortage on Broadway and radio row—a shortage of fresh new funny men.

"There's really a tremendous scarcity of comedians," said Irving Mansfield, C B S executive producer and originator of the "Talent Scout" program.

"All the old ones seem to be falling over themselves," he said. "They imitate each other so much you can hardly tell them apart any more. 'But who's coming along to take their places? Nobody's in sight.'"

Trying to build a little known jokester into a public favorite is no laughing matter. It's a big investment.

"A network can easily spend \$250,000 in an effort to popularize a new comedian," said Mansfield, "and end up with nothing but a lame gag artist—and no sponsor. 'But the rewards are high. A successful comedian can make \$20,000 a week.'"

No Vaudeville—No Talent What explains the dearth of fresh comic talent, Mansfield thinks the decline of the old vaudeville circuit is the real answer.

"Vaudeville houses were great incubators of comics," he said. "There is no place left today for young comedians to try out their material, and they have to work with audiences to perfect themselves."

"A comedian doesn't need a great deal of personal originality to succeed. A writer can supply him with that. But he has to be able to sell his stuff to an audience. He has to learn timing—that's everything."

Take Fred Allen, probably the best showman of our times. He has a perfect sense of timing, and he learned it in vaudeville.

Mansfield, who now produces "This Is Broadway," a CBS network program, has given some 500 to 600 young entertainers a year their first break in radio.

"I lead a horrible life," he said. "Midgets and mixed readers run in and out of my office all day long. When I go into a restaurant somebody at the next table who wants to get on the air starts crooning at me over his soup. And on my way home magicians waylay me and want to show me how they can comb pigeons out of my hair."

But Mansfield has real sympathy for the ambitious and talented kids who come here full of high hopes that end in heartbreak.

"To be an actor or a quality performer you have to serve a real apprenticeship," he said. "The trouble with most people who want a dramatic career is that they come to New York too early."

"They aren't ready. That accounts for a lot of the misery on Broadway."

Early Treatment Vital In Control Of Social Disease

By Edwin P. Jordan M. D.

Written for NEA Service

One of the two most important venereal diseases, syphilis, seems to be becoming a less serious problem as time goes on. It is still, however, the cause of much suffering. Perhaps beyond all other diseases syphilis can produce a wide variety of symptoms. Because it is now less common and because it is more often treated early and more vigorously, there is reason to hope that eventually it will be conquered.

The first symptom is as a rule a local sore. This is usually followed in a few weeks by a mild skin rash. Later syphilis may attack almost any portion of the body. It is responsible for some cases of heart disease and blood vessel disorders. Frequently affects the nervous sys-

tem and is the cause of a condition, the common name of which is locomotor ataxia. It may attack the brain and cause mental symptoms.

Blood Test Except in the earliest stage, diagnosis is best made by an examination of the blood which is called the Wassermann test or one of the newer methods of a somewhat similar nature. This test turns up many cases of the disease which have been entirely unsuspected.

The most important method of controlling syphilis is to start treatment early. Modern methods of treatment can usually prevent its spread to others very rapidly even though this does not mean that the patient is cured.

The problem of exactly how to treat the disease is complicated. Penicillin will certainly free someone with the early contagious form from the danger of infecting others quite rapidly. It is not, however, absolutely certain as yet whether this will cure the disease or not. For these reasons the complete treatment for syphilis may take years.

THE DOCTOR ANSWERS

By Edwin P. Jordan, M. D.

QUESTION: What causes belching?

ANSWER: The most likely cause is the swallowing of air unconsciously. This usually occurs after meals. It has sometimes been suggested that a person who has this difficulty sit with the mouth open or with an object like a cork held between the teeth for a considerable period after meals. It is impossible to swallow air with the mouth open.

Man, 21, Accused Of Killing High School Girl, 17

El Paso, Tex., July 14.—(P)—Donald L. Horn, charged today with killing a pretty Kentucky cheerleader, said he will come back in two weeks "to start up my furniture business."

Horn is charged with murder in the fatal beating of 17-year-old Muriel Baldridge, The Prestonburg, Ky., high school girl was slain June 27 near her home. Kentucky state police detective Walter E. Wood said the killer tried to rape her.

Horn, 21, has been in the El Paso city jail since Saturday. He gave himself up then, saying he knew he was a suspect and wanted to clear himself.

He is scheduled to leave by plane early tomorrow for Frankfort, Ky., in Woods' custody. The officer had been expected to arrive here today but stopped in Austin for extradition papers.

Horn was charged with murder today, and Gov. Earl Clements of Kentucky immediately issued a requisition for his return from El Paso. Woods left Kentucky by plane for El Paso.

House Okays REA Loans For Rural Phone Service

Washington, July 14.—(P)—Legislation designed to make modern telephone service available to more than half the nation's farm homes went to the Senate today with the overwhelming backing of the House.

It was passed by the House yesterday by a vote of 282 to 109. Most of the opposition came from city members resentful over lack of support from farm state congressmen for the administration's housing bill.

The legislation would allow the Rural Electrification Administration to operate in the telephone field in the same manner that it now operates in the field of rural electricity, subject to approval by state regulatory bodies.

The REA could make loans to telephone companies, or to cooperatives formed to provide telephone service with existing companies, having priority for the first six months.

Runaway Monkey Invades Laundry

San Diego, Calif., July 14.—(P)—A runaway monkey invaded a self-help laundry here.

Seventeen women customers scattered with shrill screams. The monkey jumped into the open door of one of the electric washers which automatically started to work on him.

Willie—that's the monkey—was rescued without damage by his owner, Richard V. Heitman, and a humane society man who had been on his trail.

PEORIAN TALKS SELF OUT OF PERMIT TO BUY A REVOLVER

Peoria, Ill., July 14.—(P)—The first Peorian to apply for a permit to buy a revolver under a new city law talked himself out of the permit yesterday.

Under a new law, persons wanting to buy a gun first must get a permit from Police Chief John McAllister. The first applicant appeared before the chief yesterday. The chief said the man told him he never had been arrested or in trouble. However, when the chief asked why he wanted the revolver he answered:

"I'm leaving for California for a while and I want to give the gun to my girl friend, for her protection."

Asked if the girl ever had been arrested, the man said "no" but he added:

"Well, she shot me in the arm once during an argument."

"That's enough," answered McAllister. "Permit refused."

C.A.A. Suspends Operating Rights Of Air Line

Washington, July 14.—(P)—The Civil Aeronautics Administration today suspended the operating rights of Strato Freight, Inc. It operated the plane in which 53 persons were killed in Puerto Rico last month.

CAA Administrator D. W. Rentzel accused the company of operating faulty equipment. He also asserted that it had repeatedly violated safety regulations.

Rentzel suspended the operating rights under his emergency powers. At the same time, he filed a formal petition with the Civil Aeronautics board asking that Strato Freight's flying authority be permanently revoked.

Rescue Four Men Who Were Buried Under Slate Fall

Toler, Ky., July 14.—(P)—Rescuers brought out alive four men who were buried under a slate fall yesterday at the Sizemore truck mine here.

The last of the victims—Isaiah Pennington, 42 of Nolan, W. Va.—was brought to the surface four hours after the fall occurred. He was taken to the Williamson, W. Va., Memorial hospital with possible fractures of both legs.

One of the other three—Anse Anderson, 30, of Nolan—Received treatment at the Williamson hospital for shock, cuts and bruises.

The other two—Charles Dafee, 41, and John Crabtree, 45, both of Nolan—did not require hospitalization.

Would-Be King Stirs Pakistan-Afghan Dispute

Karachi—(AP)—The attempts of a claimant to the Afghan throne to recruit an army in the trouble tribal area between Afghanistan and Pakistan are putting a new strain on relations between the two Muslim nations.

The claimant is Amin Jan, whose brother, Amanullah, vacated the throne in 1929 and now lives in Italy. Amin Jan wants to replace the present king, Zahir Shah, and figures army might help.

Amin Jan is German-educated and has an English wife. He was arrested in Peshawar following his brother's abdication and was deported by the British Rangoon. Later he was transferred to the Madras and Allahabad jails. He was released in 1948 and allowed to proceed to Pakistan.

He already has made one start on an expedition to Kabul, Afghanistan's capital. But on reaching the border he found the number of his irregulars—Mahsud tribesmen—had dwindled to 30. Amin Jan called the expedition off.

The major result was to stir up a new dispute between Pakistan and Afghanistan's capital, already arguing over control of the tribal

belt which stretches along the frontier.

Kabul radio complained that Pakistan was backing Amin Jan. Pakistan replied that it had warned the Afghans about his activities and urged tribesmen not to join him. Observers here, however, declare that Pakistan would be pleased to see Amin on the throne because it might ease the present tension.

Red College Has Stiff Course

SEOUL, Korea—(AP)—The political college of North Korea puts its students through a rugged curriculum, but graduates face a risky future. A copy of the training schedule used at the college in Pyongyang was found recently on one of the graduates who had infiltrated into the American-sponsored Republic of Korea south of the 38th parallel.

The schedule shows that students spend four and one-half months learning military discipline, marksmanship, guerrilla fighting and sabotage methods to use in the south. They put in a full day, 5:35 a.m. to 10:50 p.m. Communist political and Russian history also were listed courses.

About half the class of 800 that was graduated May 17 is believed to have entered southern Korea. One hundred and twenty were women. Eight southern border patrols captured or killed 60 before they had gone very far. Others got into the mountainous and sparsely populated Kangwon province, 90 miles northeast of Seoul. Mopping them up will take weeks.

A few may have reached the guerrilla bands that have been operating in the hills of the extreme south. Others may have settled down and become farmers, since many of them once lived in the south.

Captured guerrillas said they were sent south in "battalions" of 80. Their mission was to recruit southern Koreans to bring each battalion up to a strength of several hundred. Southern officers say this had proved

"MISS CHINATOWN"—Over 4000 Chinese gathered in Pleasanton, Calif., to see 19-year-old Fanny Don crowned "Miss Chinatown 1949." The University of California co-ed receives a \$250 wardrobe and a trip to Hollywood along with the title.

Questions And Answers ON Service To Veterans

This is another in a series of questions and answers regarding the rights of ex-servicemen and their families, as answered by Keith C. Peabody, veterans employment representative, Illinois State Employment Service, 211 East Morgan Street. For further information contact Mr. Peabody. In this series the ISES attempts to answer questions most frequently asked by ex-servicemen and women.

Question: I attend school under the GI Bill. My eligibility will expire on the seventh month of my senior year, leaving me two months of the semester to complete on my own. Is there any provision whereby the VA will assume the tuition costs for the last two months of my semester?

Answer: The GI Bill provides that wherever the period of eligibility ends during a quarter or semester and after a major part of such quarter or semester has expired, such period of eligibility will be extended to the termination of the unexpired quarter or semester.

Question: When will the New York state bonus be paid to New York veterans who moved to other states before applying for the bonus?

Answer: In the November, 1949 election New York voters will decide whether to permit bonus payments to such veterans. Under the present law such veterans usually become eligible for the bonus only when they move back to New York.

Plenty of room for loads of luggage in your Pontiac. The counterbalanced trunk lid floats up—and stays up—at a touch. It's self-locking, too.

Smooth Ride—Pontiac's Travelux
Ride is a revelation—it shortens the miles and smooths the road wherever you go. Extra low-pressure tires and wider rims add to your comfort.

New Wide Horizon Windshield
Pontiac's wide, curved windshield, plus wider windows and slimmer pillars all around, gives you a whole new driving outlook.

Gorgeous Interiors—Pontiac's new
Bodies by Fisher are as beautiful inside as out. Every detail, every appointment is tailored for your comfort. Smart upholstery, heavy carpeting and the beautiful Dial-Cluster Instrument Panel are but a few of the things you'll enjoy.

Twin-Door Ventilation—Rain
or shine, fresh outside air is brought to you through twin ventilation ducts which can be controlled individually—standard Pontiac equipment.

Two Great Engines—Choose
Pontiac's great straight eight or the famous six—both are smooth, eager, dependable. GM Hydra-Matic Drive is optional with either engine.

Plenty of Room—Pontiac gives you
worlds of room—wider seats, greater leg-room, ample head room. You can relax on Pontiac's soft seats. It's easy to get in and out through Pontiac's wide doors.

Winchester Legion All Set For Aug. 4 Burgoo Picnic

By DONALD DUGAN

Did you ever go to a Burgoo picnic? Did you ever hear of Burgoo soup? None of the hundreds of fellows we met during the war ever had and we are inclined to believe it is a commodity found only in a couple of isolated spots in the United States.

Every year in the latter part of the summer, the churches and various other organizations in this locale (Scott and Morgan counties) hold Burgoo picnics. The highlight of these affairs is Burgoo soup. The soup is, to the people in this locality, an incomparable delicacy made in a very picturesque setting out in the open in huge 50-gallon kettles over open wood fire. The soup-maker arrives upon the scene early in the evening of the day preceding the picnic, inspection prodigious quantities of fresh garden vegetables, hens, select cuts of beef, oxtails, and numerous other ingredients. The recipe is highly secret and has been handed down generation to generation from the original "Burgoo King." Once the soup is started late in the evening, the fires are kindled and the soup is stirred by the soup-maker and his many assistants all through the night and up until about 11 a.m. on picnic day.

As soon as the soup is finished, long lines form waiting for the first taste. Farmers climb off their tractors and bring their families in for the day. They eat soup 'til it runs out their ears, pitch horseshoes, enter hog-calling contests, listen to band music, and visit with people they haven't seen since last year's burgoo. People who have lived in Winchester and moved far away arrange their vacations to arrive in Scott county in time for the "Burgoo." Last year the local American Legion sold 1000 gallons of Burgoo in addition to fabulous quantities of fried chicken, ham, ice cream, cake, pies, lemonade, and all the other "standards" picnic items. Contests of all varieties for both sexes and all ages provide a large portion of the day's entertainment. This year proud farmers will show off their newest tractor with a morning parade featuring rubber-tired tractors decorated to the hilt. Another innovation will manifest

itself in a supper-hour air show by a nearby National Guard Unit. Burgoo has an interesting history. There was a time when it was believed by some that the local Burgoo soup came from Kentucky Burgoo; however, that idea was dispelled in 1938 when a local historian "proved conclusively" that Scott county Burgoo came from England near the end of the Civil War when the two Hagen Brothers of Morgan county traveled to the old country and were entertained at a dinner of Burgoo soup. They were given the recipe and upon their return made the first soup in Morgan County with the assistance of their brother-in-law, one Isaac Watson. The latter became interested in it and upon the insistence of friends and relatives continued to make it every year.

The first picnic was held in a place known as "Richardson's grove" between Winchester and Jacksonville. The late Robert Allan, who resided a few miles northeast of Winchester, learned to make soup under Isaac Watson and for many years was the "Burgoo King" making soup for church picnics in this area. Allan's son, Clifford Allan, is still living and is now locally recognized as the "Burgoo King." Mr. Allan will make this year's Burgoo on Thursday, August 4, a holiday in Scott county.

Last August 5 the Winchester picnic drew what is probably the largest crowd the little community (1700) has ever seen when in the evening the gathering swelled to over 10,000.

FRANKLIN

Franklin—The Franklin 4-H club of girls are camping this week in Jacksonville. Mrs. Harry Whitlock, one of their leaders, is with the girls.

Mrs. Becky Armstrong left Tuesday evening for Calif., for a two weeks vacation trip. She will visit relatives and friends.

The W.S.C.S. of the Methodist church met at the church Wednesday afternoon. The roll call was a scripture referring to peace. Devotions was in charge of Mrs. Edgar Rodgers and the program was in charge of Mrs. Ida Miller. Hostesses were Miss Dorothy Neece and Mesdames William Neece, Sr., Lora Seymour, Justin Washburn and Gus Seymour.

A Cub Scout club has been organized for the younger boys, from 8 to 12. Mr. Wayne Rolston is den father and Mrs. Clarence Hart, den mother.

They held their first meeting Tuesday afternoon at the home of the den mother, Mrs. Clarence Hart.

Mayrose Ready-Serve Ham

1. Cut 3 or 4 slices off the thin side of the ham.

2. Push the fork firmly into the large end and grasp the shank to turn ham so it rests firmly on the cut surface. Make a straight cut down to the bone. Cut out a wedge-shaped piece.

3. Starting at the wedge, cut slices of desired thickness down to the bone. Continue slicing toward large end.

4. Insert the knife at the wedge-shaped cut and, with knife parallel to platter, cut along bone to free the slices.

Miss Marilyn Coolidge Weds Lt. John Bucko

Former Local Girl Married In Pontiac

In a candlelight ceremony, which took place at the First Baptist church in Pontiac, Miss Marilyn Ives Coolidge, daughter of Mr. and Mrs. William Francis Coolidge of Pontiac, formerly of this city, became the bride of Lt. John Bucko, Jr., son of Mrs. Susan Bucko of Glencoe.

Lt. and Mrs. John Bucko

She wore lace gloves and carried a bouquet of white gladioli, centered with an orchid.

Sister As, Attendant

Miss Martha Coolidge, sister of the bride, was the maid of honor. She wore a gown of orchid lace and taffeta, styled after the bridegroom, with matching lace gloves and a net halo with streamers. Yellow gladioli fashioned her arm bouquet.

Robert L. Unger of Sidney, Neb., brother-in-law of the bridegroom, was best man. The ushers were Robert Kirkwood of Pontiac, formerly of Jacksonville, and J. Janvier Wetzel, Jr., of Bloomington.

A reception followed the ceremony. Guests were present from Jacksonville, Decatur, Bloomington, Normal, Minook, Chicago, Seattle, Wash., Valparaiso, Gary, Sidney, Neb., and Battle Creek, Mich.

Trip to South

Lt. and Mrs. Bucko then left on a wedding trip through the South. After July 15, they will be at home at 3403 Porter avenue, El Paso, Tex.

Mrs. Bucko attended the Jacksonville schools and MacMurray college and was graduated from the University of Illinois College of Medicine in Chicago. She was formerly occupational therapist at Percy Jones General hospital in Battle Creek, Mich., and a lieutenant in the Woman's Medical Specialist Corps.

Lt. Bucko attended Taylor university in Indiana and served four years in the Navy during World War II. He is now a pilot in the U. S. Air Force, attached to the First Strategic Support Squadron, Biggs Air Force Base, El Paso, Texas.

43-Year Squabble Between Unions Finally Settled

Chicago, July 14—(P)—A jurisdictional feud of 43 years between two AFL unions has been settled.

The squabble which has flared intermittently since 1906 in retail grocery stores which have meat, poultry and fish departments involved the Amalgamated Meat Cutters and Butcher Workmen of North America and the Retail Clerks International Association.

The agreement, which defines the areas of each union in combined grocery-butcher shops was announced today by Earl W. Jimereson, president of the meat cutters. It was signed July 7 by Jimereson and Patrick E. Gorman, secretary-treasurer, for the meat cutters, and by President Vernon Housewright and Secretary-Treasurer James Suffridge of the clerks.

The new declaration allots to the meat cutters' union the selling, cutting, pre-packaging and displaying of all meats, including frozen products, and all handling of poultry and fish.

The clerks' union will have jurisdiction over all employees on the grocery side, including checkers and cashiers.

Women's Groups At White Hall Hold Meetings

White Hall—Evergreen camp, No. 987, R.N.A., met Tuesday evening at I.O.O.F. hall to formulate plans for entertaining the Winchester camp at a picnic supper on July 26. The supper will be held at the Lions park at 6:30 p.m., followed by a lodge meeting and entertainment.

Members of the arrangements committee appointed include Mrs. Ruby Glossop, Mrs. Crystal White, Mrs. Ruth Barnard and Miss Dorothy Young.

The Golden Era Woman's club met Thursday evening at the home of Mrs. Keith Smith for a business session and social hour. Mrs. Leo Sut-tles was co-hostess. Sixteen members and two guests were present.

EMERGENCY WATER SYSTEM

When the newly-drilled well at the 4-H camp failed to provide sufficient water the Illinois Department of Public Health sent over and installed a portable water purification outfit, capable of filtering and chlorinating 900 gallons of water per hour.

It has proved very successful. The clear, soft water is used for everything except drinking purposes. Drinking water is hauled from the city mains in Jacksonville.

Ralph E. Hawley (left) camp director, receives instruction on how to make chlorine content tests from William J. Wright of the Morgan County Health department. John H. Blesse, chemist at the Jacksonville water department, grins approval of the whole set-up.

boken, N. J.

Rafferty, a fireman aboard the ship, explained to a startled pier guard that he decided to go for a cooling swim early today. Overboard he dived.

"I lost my sense of direction, but I kept on swimming," he said. Police wrapped him in a blanket and took him back to Hoboken.

Yangtze Valley Has Worst Flood Since 1931

Nanking, July 14—(P)—The populous, rice rich Yangtze valley from the mouth of the river 300 miles inland today was under water in its worst flood since 1931.

Farm lands on both sides of the huge river—in some places 40 miles wide—were submerged. Authorities blame the flood on heavy rainfall rather than on poor drainage west of China's mountains.

There were no figures available here on crop damage, the number of homeless and casualties. Officials said they were too busy strengthening dikes to bother gathering statistics.

Anhui province was hit hardest.

PLANT TO CLOSE

Rosiclare, Ill., July 14—(P)—All mining and milling operations of the Rosiclare Lead Fluorspar Mining Company—one of the country's largest fluorspar producers—will stop July 16.

The company said yesterday it will shutdown for one month "on account of already too large and rapidly increasing stocks of finished concentrate of fluorspar of all grades."

Russian Refugee 'Illuminates' Manuscripts

Vatican City—(AP)—If you were to look casually at the Papal bull by Pope Pius XII announcing the coming of Holy Year in 1950, you would probably take it for a document hundreds of years old. Only a reading of its Latin text, or an expert knowledge of the laborious ancient art of "illuminating" manuscripts, would tell you it was proud this year.

The Holy Year Bull looks, except for its freshness, like manuscript preserved in museums the world over which were the work of the monks and nuns of the Middle Ages, or earlier. But it was done by a frail poverty stricken Russian refugee named Basilo Sumbatoff, who believes himself to be the only person carrying on the old art here.

Sumbatoff is 56 years old, and has lived in Rome for 30 years. He had no artistic training. He came to Italy a year after serving as an officer in the Czar's Army during World War I.

He makes barely enough to keep himself and four dependents alive and clothed. Sumbatoff illuminates from 30 to 40 manuscripts a year. Most are parchment documents of Roman Catholic orders. He drifted into this work ten years ago, working for a Polish cardinal.

"Y" To Sponsor St. Louis Trip For 40 Youngsters

A trip to St. Louis for the Brown-Yankee game Saturday is in store for the first 40 youngsters who sign up at the Y.M.C.A. Youth Center.

The trip, sponsored by the "Y," will be made by chartered bus. The youngsters are to bring a sack lunch and meet at the Youth Center promptly at 8:30 a.m. Saturday. The group will leave immediately.

Accompanying the group will be Paul Hartman, "Y" secretary, Miss Shirley Hocking and Donald Scupham.

Accommodations are available for only 40 youngsters. The first 40 registered will be the ones to go. All youths in the city, between the ages of nine and 14, are eligible for the trip. They may register at the Youth Center Friday. The only fee will be for transportation.

TO RETURN HOME
Mr. and Mrs. Charles Hopper of Bluffs have received word from their son, Sgt. Billie Gene Hopper, telling them that he would arrive home on July 20. Sergeant Hopper has recently returned to this country from Guam and China.

Federal Medicine Plan Disapproved By Local Amvets

Jacksonville Amvets Post 100 voted disapproval of the proposed national health plan when its members held a regular meeting Tuesday night.

The vote was taken in accordance with a request from the department legislative director of Illinois Amvets. It followed a discussion of the merits and faults of the bill.

Commander L. S. Ruby presided at the meeting and two new members, Roy D. Tholen, Jr. and Joseph A. Early, were accepted. The renewal application of D. L. Whitehurst was also received.

Ross Cox, manager of the junior softball team, reported the boys had lost only one league game and were now in second place.

Russell Armstrong, finance officer, gave his report and Senior Vice Commander J. P. Beades said a membership renewal campaign would be launched soon.

C. P. Siegfried, chairman of the sick committee, reported that Members Earl Floeth and Albert Teaters were greatly improved.

After the meeting the group met with the Amvets Auxiliary for a social hour.

4 New Teachers Accept Positions At White Hall

White Hall—Superintendent of Schools W. A. Knoop has announced the acceptance of four teachers in the local grade and high schools. The positions fill all of the vacancies in the school system.

Miss Joan Lyman will teach English 3 and 4 and dramatics in the high school; Mrs. Irene Davenport will teach biology and general science; Mrs. Fred Strang will teach art in the high school; and Mrs. Gussie Frazier will teach the sixth grade.

Mr. and Mrs. Oran Ransom, Miss Irene Ransom, Roy Guthrie, and John Jeffreys of Terre Haute, Ind., enjoyed a picnic dinner Sunday at Florence.

14 V.F.W. Members To Attend Convention

A delegation comprised of 14 members of Morgan County Post 1379, Veterans of Foreign Wars, will attend the V.F.W.'s 30th annual state convention, to be held Friday, Saturday and Sunday in Springfield.

More than 2,000 delegates from about 500 posts in Illinois are expected for the three-day conclave. An estimated 3,000 other persons will also attend.

Concurrently with the V.F.W. convention, the auxiliary and the Military Order of the Cootie will also hold their annual meetings.

Address By Governor
The opening session Friday morning will feature an address by Governor Adlai Stevenson. Business sessions will occupy the veterans Friday afternoon and Saturday morning.

Issues to be discussed at the convention are the protection of voting rights of hospitalized veterans; adjusted service compensation for all World War II veterans; creation of a uniform Poppy Day for all veterans' organizations in Illinois; establishment of universal military training; extension of service activities for hospitalized veterans; and the limiting of veterans benefits to those persons who actually served in the armed forces, and to their widows and orphans.

The delegates will also consider several changes in policy and management of the V.F.W. One of the most important of these proposals, V. F. W. officials said, is a series of resolutions calling for transfer of State V. F. W. headquarters from Chicago to Springfield.

Parade Saturday
The annual convention parade will be held Saturday afternoon. In the evening, a patriotic pageant and fireworks display will be presented.

Officers for the coming year will be elected by both the V.F.W. and its auxiliary during the Sunday morning sessions.

Representing the local V.F.W. post will be Earl Jordan, commander, Edward Cassin, H. Dale Rose, Harry Liming, F. J. Andrews, Lyle Morris, William Jackson, Wilfred Young, Edward Ryan, Eugene Dods-worth, Russell J. Alvarez, George Vasconcellos, Lyndell Crickett and Roscoe Walton.

Violet Grogan, president, Marie Hart and Carrie Smith will represent the auxiliary.

C. Lister, right support to vice grand and Len Gius, left support to vice grand.

The officers were installed by Deputy Henry Bishop, J. D. Rowe of Longview, Texas, was a guest.

Social Events

Evening Unit Plans to Hold Picnic Aug. 7
Plans for holding a picnic Aug. 7 at Monument park were made by the Evening Home Bureau unit at its meeting held Tuesday with Mrs. Woodrow King.

Twenty-four members attended the meeting. Minutes were read by Mrs. Paul Bessler. The major lesson on "Summer Meal Planning" was given by Mrs. Paul Stehman. Mrs. Russell Norman presented the minor lesson on "Pickle Making."

Following the recreation period, in charge of Mrs. Robert Slavton, refreshments were served by the hostess, assisted by Mrs. Roy Weder and Mrs. Ray Williams. One guest, Mrs. Charlotte Woodson, was present.

Truck, Jeep And Combine Collision Basis Of Suit

A collision on Mauvaisterre bridge on Route 104 is the basis of a \$2,500 damage suit filed in the office of Circuit Clerk Philip E. Bradish.

Ralph B. Woods and Walter W. Wright of the Jacksonville Implement company, West Walnut street, seek damages in that amount from Raymond W. Bracy and Sons, Quincy truckers, and Martin Cory, driver of the truck which collided with a Willys Jeep and Oliver eight foot combine on the afternoon of June 25, 1949. Martin Wilkening, Jacksonville Implement employee, was driving the Jeep when the mishap occurred.

The petition charges negligence and excessive speed of the part of the truck driver.

Attorneys for the plaintiffs are Harry G. Story and Edward J. Flynn.

Flaming Cross Stirs Excitement At Nichols Park

A blazing cross on the Nichols park golf course attracted considerable attention Wednesday night about 11 o'clock as curious spectators gathered at fairway one to witness the burning spectacle.

The cross, about 12 to 15 feet high, had been constructed of 1x2 boards. It was wrapped in burlap and soaked in kerosene.

Soon after the blaze started, several persons left the park dance, in progress at the time, to watch the improvised cross burn.

Park Superintendent Russell Kelley, assisted by a park policeman, Russell Murphy, quickly extinguished the fire and disposed of the cross.

The only damage was a scorched spot of grass.

Mr. Kelley said he thought the episode was the work of pranksters.

Roodhouse Man Dies Suddenly Wednesday Night

Roodhouse—Truman Carlos Ac-mire, 51, died suddenly Wednesday at 9:30 p. m. at his home in Roodhouse. Although he had been in ill health for some time, his death came unexpectedly.

A lifelong resident of Green county, Mr. Ac-mire was born near Carrollton on March 7, 1898, the son of Henry Clay and Mary Hardwick Ac-mire. He was married to Bessie Welch of Roodhouse on Oct. 30, 1918 at Carrollton.

For 31 years, Mr. Ac-mire was a Railway Express agent. Most of his life was spent in Roodhouse, where he was a member of the Methodist church and E. M. Husted Lodge, No. 786, A. F. & A. M.

Surviving with his wife are a son, William of Roodhouse; a grandson, William Joseph; a brother, Elmer of Roodhouse; and three sisters, Mrs. Cora Picquet of Carbondale, Mrs. Lella Denison of Eldorado and Mrs. Estella Short of Mattoon.

The body is at the Wolfe Memorial Home in Roodhouse, where services will be held at 2:30 p. m. Saturday. Rev. Lloyd Spencer will officiate, assisted by Rev. P. G. Batty. Interment will be in Fernwood cemetery, where Masonic rites will be conducted.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, itching up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

LANDING ON A DIME—Lt. Comdr. Richard Schram, of the Naval Reserve, lands his Piper Cub on the "world's smallest aircraft carrier"—an eight by 17-foot platform mounted on a truck. Schram performed the stunt in Chicago as a prelude to an air show scheduled at Glenview Naval Air Station.

LAVISH MOSCOW SUBWAY STATION PLANNED

Moscow—(P)—Moscow's new subway stations will be no less magnificent than the older ones, which are famous for their lavishment. "Evening Moscow" recently published a photograph of the new Pavletskaya Subway station and described it.

It will have 88 columns cut from solid blocks of white marble. The columns will be topped with carved capitals—the first to be used in the

subway system. The walls will be adorned by large bronze bas-reliefs of Lenin and Stalin. This station is one of the first on the new "large ring" of the Soviet subway, a large sector of which is being completed this year.

Eggs of ducks, geese, ostriches, plovers, alligators, crocodiles, turtles, penguins, gulls, albatrosses and pelicans are all important parts of the diets of peoples in some part of the world.

EGYPT FORM NEW PROVINCE

Cairo—(P)—The Egyptian government announced creation of a new province—Fouadia, named after the late King Fouad of Egypt. A Royal Decree will formalize the measure. Fouadia is to be cut off the northwestern province of Gharbia and will have a 752,287 population.

Blames Society For Alcoholism

State College, Pa.—(P)—"It does little good to treat alcoholic individuals without treating the social and economic forces that makes persons susceptible to alcoholism," Dr. William G. Mather, professor of rural sociology at the Pennsylvania State college, says. The presence of alcoholic individuals in a society is a symptom of maladjustment in that society, Dr. Mather says. Alcoholism can flourish in societies where there is considerable economic insecurity, great competitive strain, pervading fear of current or impending war, and dislike of children.

"All of these are present in our own society," Dr. Mather says.

WHITE HALL

White Hall — Messrs. Elmer C. Johnston, Richard Bell, Ben Nunes and Edward Backs visited the county fair at Carrollton on Tuesday night.

Attorney and Mrs. Dale Hyle spent Sunday with her parents, Mr. and Mrs. Fred Hyle.

Mrs. and Mrs. A. R. Barnett, of Mexico, Mo., and their daughter, Mrs. Everett Neal, Mr. Neal and small son, spent Saturday at the home of Mr. A. J. Barnett. Miss Nancy Hutchens, daughter of Mr. and Mrs. Martin Hutchens of Jacksonville, spent a week with Attorney and Mrs. Julian Hutchens here.

visited Mrs. Gertrude Myers parents, Mr. and Mrs. Hayden Ralston recently. The Spreitzer and Carl Myers families have returned to their homes but Mrs. Gertrude Myers and Dorothy Ann are remaining for an extended visit here with other relatives.

Ann Pearce, daughter of Mr. and Mrs. Albert Pearce of Jacksonville is spending several days with Sonda Sue Search.

Miss Jean De Monbrun, daughter of Mr. and Mrs. J. M. De Monbrun, is here with her parents after working in Waterloo, Iowa. Miss Jean expects to enter the DePaul hospital in September to begin nurses training.

Mr. and Mrs. J. M. De Monbrun were guests of Mr. and Mrs. Frank Rabbe of Petersburg and Mr. and Mrs. P. H. De Monbrun of Oakford on Sunday.

Bus Driver Tries Opera At 40

Worthing, Sussex, England—(P)—Bus driver Trevor Jones believes life can begin at 40—even if it's an operatic career you have in mind.

So he is going to quit his job on a Worthing double-deck bus, sell his house in nearby Lancing, move his family to Milan and take singing lessons for the next two years from Italian Tenor.

Six months ago, he heard Gigli sing at Eastbourne. He asked him for an audition. Gigli heard the bus driver in his London hotel. Jones said the singer told him:

"You have a wonderful voice but it must be trained at once. Go to Ubaldo Carrazzo in Milan."

RED GERMANS USE AMATEUR REPORTERS

Berlin—(P)—The "people's democracy" in the Soviet Zone of Germany is creating a new type of journalist—the "people's correspondent." He is usually a worker who reports from his work or his factory to communist-controlled dailies.

Their stories are featured in large communist papers in East Berlin. Several columns are reserved for them.

Not all Russian-licensed newspapers like the new type of journalist. Said "Neue Zeit," a Christian-Democratic Organ: "The people's correspondents will hardly be in a position to satisfy the qualitative demands of the press."

But "Neue Zeit" was slapped back by "Neues Deutschland," the official Socialist Unity (Communist) Party daily which criticized "the professional correspondents of those newspapers which do not know this direct contact with the essence of our social being."

BOMBS FIGHT EGYPT'S COTTON PESTS

Cairo—(P)—The Egyptian Agriculture Ministry plans to use smoke bombs to get rid of cotton worm and other pests damaging this country's cotton crop, said "Al Assas," semi-official newspaper.

"Al Assas" added Egyptian army soldiers will help Ministry's experts in fumigating the cotton fields.

A recent Ministry of Agriculture announcement said that more than five per cent of Egypt's cotton acreage is affected by cotton worm.

2nd 4-H Camp Period Opens At The Lake

The second three-day camping period at the Western Illinois 4-H Camp, which opened at 5 a. m. Thursday when a group of "early birds" rolled out of their bunks to accompany Counselor Frank McVey on a bird study hike through the woods bordering Lake Jacksonville. The rest of the 174 campers from Cass, Calhoun and Sangamon counties stayed in their bunks until the regular rising time, 6:30 a. m.

The flag was raised at 7 a. m., followed by a breakfast of orange juice, cereal, rolls and milk.

From then on until bedtime at 10 p. m. the campers will follow a packed study and play program.

The camp nurse, Mrs. Ralph B. Hawley, gives instruction on hygiene and personal cleanliness each morning. Inspection is at 9 a. m. After that comes swimming, boating, nature study hikes, handicraft, music, folk dancing, football, volleyball and deck tennis.

The flag is lowered during vesper services at 7 p. m. There is a program given each evening by one of the "tribes," followed by an educational hour currently devoted to a discussion of the life and the ideals of the early settlers of this area.

Farm and home advisers, youth assistants and 4-H leaders from the individual counties are in charge of the activities. Mrs. Francis King of Cass county is the program director for the second period.

These leaders are assisted by the following extension 4-H staff specialists: Ralph B. Hawley, Mason City, camp director; Mrs. Hawley, nurse; Miss Christine P'Simer, Decatur, program coordinator; Miss Dorothy McClure, James Millikin university, recreation; Mr. McVey, Lane high school of Chicago, nature study; Miss Charlyn Leeper,

A band of nymphs marches over the desert near Denio, Nev. A pilot examines a spout from which poison bran is spread.

AT WAR WITH THE 'HOPPERS

The Department of Agriculture is waging an all-out war against the tiny grasshopper—dead plague of western ranchers and farmers. The horde of 'hoppers that broke out this year in tremendous numbers in Nevada is rolling on, threatening California, Wyoming and Montana. The insects start migrating as nymphs, marching over the ground in close formation. Later, as their wings develop, they take to the air. Over the mountainous terrain of Wyoming and Montana, planes have taken up the fight. They pour poison bran over the land as bait. When 'hoppers eat the bran they die.

Two contract planes are loaded with poison bait in Yellowstone County, Mont.

Temperatures At Or Near Normal In Most States

By The Associated Press
Temperatures leveled off to nearly normal marks over most of the country today.

Cool air moved over parts of the northern plains and northern Great Lakes region, sending the mercury slightly below average figures. The mercury was in the high 40's and 50's in some of the cool belt early today.

There were quite a few wet spots, but an additional rain was reported in the northeastern drought area. However, some relief to the parched crops resulted from yesterday's showers.

Rain fell today in parts of Illinois, Michigan, Wisconsin and another wet belt extended from eastern Virginia to the Carolinas and into Georgia. Some showers also were reported in Tennessee and eastern Kentucky and in scattered sections of the Rocky mountains.

Last Rites Held For 45 Who Died In Dutch Crash

Bombay, July 14—(AP)—Funeral services for victims of the Royal Dutch plane crash in which 45 persons perished Tuesday were held today as monsoon rains flooded the city for the fourth straight day.

It was a simple ceremony attended by U. S. Ambassador Loy Henderson, high Indian officials and the Dutch, Chinese and American consuls.

Tells What It's Like To See Again After 18 Years

Hopkinton, Mass., July 14—(AP)—How does the world seem to a man who sees again after 18 years? "Everything looks so rich and bright," said 63-year-old Edward R. Ray. "Faces . . . flowers—even the sky on a gray day."

His sight came back more than a week ago—"in a blinding flash!"

The first thing he saw was his brother-in-law's face.

Then he was able to see his wife again.

She hadn't changed at all, he said. His daughter, now grown up and married was "even better-looking than they told me."

Can't Judge Distances
But the greatest surprise were his two grandchildren, Joan, 6, and Edward, 3. Both were entirely different from the picture in his mind's eye.

"From their voices I had pictured Joan as having a heart-shaped face. It's as round as a moon. Ed is real chubby instead of wiry."

Ray continued treatment for his blindness although seven years ago doctors told him he probably never would see again.

There is only one drawback to the miracle of returned sight. "I just can't seem to judge distances," he said. But he expects that to clear up soon—like his vision.

NEW CHEMICAL AGENTS DEVELOPED TO EASE COW'S TUMMY ACHE

Detroit, July 14—(AP)—What happens when a cow gets a terrific stomach ache?

Her stomach gets all full of foam just like a washing machine churns up suds from modern soapless washing powders.

Rowe Denies Receiving State Hospital Fan

Richard Yates Rowe, former state treasurer and Republican candidate for lieutenant governor, today branded as false and untrue an assertion published in the "Chicago Sun-Times" on Monday, July 11, that a Jacksonville State hospital fan had been assigned to his personal use.

Rowe said that he had written the "Sun-Times" demanding an immediate retraction of the false report and that he was considering the filing of a libel suit against that newspaper.

A copy of Rowe's letter to the "Sun-Times" follows:
"The Chicago Daily Sun-Times
Chicago,
Illinois:

Gentlemen:
In the "Sun-Times" issue of Monday, July 11, 1949, under a column by Thomas Drennan entitled "Cash Register Music" the following appeared:

"Electric fans, purchased with state funds to ease the plight of mental patients, found their way into strange places. Records show one assigned to the personal use of RICHARD YATES ROWE, former Republican State Treasurer and unsuccessful candidate for Lieutenant Governor last November."

This statement is absolutely false and I respectfully demand an immediate retraction. At no time did I ever receive a fan from the Jacksonville State Hospital.

Yours very truly,
RICHARD YATES ROWE

CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 14—(P)—Hogs shifted to 59-cent higher levels today, but cattle and sheep were mixed. A top of \$23 on butcher hogs matched the most paid here since last Dec. 27. Receipts fell around 2,000 head below trade anticipations.

In the bovine market, steers and heifers were strong to 25 cents higher, cows and vealers steady, and bulls steady to 50 cents lower. High-choice steers topped at \$22.25 and most good and choice kinds fetched \$25 to \$27. Choice heifers were scarce, leaving the market to medium and good grades at \$22 to \$26. Good cows topped at \$20, sausage bulls at \$23.50 for a few head, and vealers at \$26.

Good and choice weighty spring lambs were firm at \$26 to \$26.50 but lighter offerings were weak to 50 cents lower. Slaughter ewes continued steady at \$9.50 and downward.

Among the day's receipts were 7,000 salable hogs, 3,000 cattle, 400 calves, and 500 sheep.

New York Stock Market

New York, July 14—(P)—Demand for steel stock persisted today despite the strike threat hovering over the industry.

Leading steel shares—with the prime exception of U. S. Steel Corp.—advanced fractions to around a point in fairly active trading.

Good business developed, with turnover for the day at the rate of around 1,100,000 shares for the full session. Sales yesterday amounted to 1,050,000 shares.

Corporate bonds tended upward.

Grains Sluggish; Dullest Session In Several Weeks

Chicago, July 14—(P)—Grains hardly stirred today. In the dullest session in many weeks, no real trend was shown in anything except oats. They slumped a bit as 193 cars of the cash grain arrived.

Wheat encountered a little hedging pressure, but it was absorbed without trouble. July corn at times showed a relatively firm tone on short-covering. Rye and soybeans were mixed. Lard advanced a trifle as hog receipts fell to a nine week low for a Thursday.

Receipts were: wheat 507 cars, corn 53, oats 193, rye 2, barley 20, soybeans 10.

Wheat closed 1-1/4 lower, July \$1.99 1/4, corn was 1/2 lower to 1 higher, July \$1.39 1/4, oats were 1-1/4 lower, July 61 1/4, rye was 1 to 1 1/4 lower, July \$1.46 1/4, soybeans were 11-1/4 lower, July \$2.53-\$2.52 1/2, and active lard futures were unchanged to 3 cents lower, September \$10.82.

Right-Hander Is In Position To Throw In Left Field, Where Balls Curve Or Spin

By Ted Williams

Four-Time Batting Champion
With a right-hand pull hitter at bat, the left fielder plays close to the foul line.

Most balls hit to left field curve or spin. This is especially true when a curve breaking inside to the batter is hit.

Because the ball keeps fading to his right as he runs, the left fielder has to get the jump immediately.

It is generally accepted that a right-hand thrower plays left field. This is because throwing is easier for a right-hander in the position. He saves a step that might mean a lot on a close play.

A left-handed player has to make too many cross-hand catches in left field.

I catch fly balls with my arms extended from the face upward. I reach for the ball, but with the elbows slightly bent. This helps me to be relaxed. I guide the ball right down into my glove.

Whenever possible, the outfielder does any necessary footwork before the ball is caught. He tries to be in position to throw at once.

Almost all outfielders wear sun glasses under the visors of their caps. With sun glasses it is possible to get used to the glare to a certain degree. If the ball gets into the sun early, the player shifts around. By changing the angle, the ball has to come out of the sun in time for the outfielder to catch it. Otherwise he is a dead duck.

Good outfielders play balls off walks in their home parks with little difficulty. To be able to do this on the road, they get out there during batting practice to obtain experience.

It is wise to know just how much room you have at all times. Concrete doesn't give, and an outfielder

ALL OUT—Ted Williams at the end of his great swing.

running into the wall can mean the loss of a hard hitter, even the pennant.

An outfielder bobbing a ball hit on the ground sometimes means the difference between a single and three bases. The left fielder fields the ball in front of him, not on the side. He charges the ball, and when he fields it the left foot is forward, the feet are spread wide.

When I'm not at bat, much of my time is spent studying the batting styles and habits of opposing players.

This pays off defensively, for the most important factor in outfield play is knowing the hitters, and where to play for them.

BLUEJAY STOPS BREAKFASTS

Miami, Fla. — (P) — A bluejay's hunt for a quiet nesting place caused a number of residents in one section of the city to miss their morning coffee. The jay, with housekeeping in mind, picked its way into a power transformer. It took several hours for power repairmen to discover the electrocuted bird and the reason for the power failure.

Cards Lose 1-0 On 9th Inning Homer By Ennis

Philadelphia, July 14—(P)—Del Ennis' home run in the last half of the ninth inning broke up a pitching duel between Kenny Heintzelman and Max Lanier and gave the Philadelphia Phillies a 1-0 victory over the St. Louis Cardinals tonight.

Ennis' homer, his 13th of the season, came with one out in the ninth and gave Heintzelman his seventh successive pitching victory and his 11th of the season against three setbacks.

The defeat was Lanier's first decision either way since he was reinstated by Commissioner A. M. "Happy" Chandler.

There was little to choose between the two southpaws. Heintzelman gave up eight hits, three to Stan Musial, and walked one. Lanier yielded only five hits and also passed one.

Gonzales, Parker Enter Semi-Finals In Clay Courts

Chicago, July 14—(P)—Defending champion Richard "Pancho" Gonzalez and Frankie Parker, seeded Nos. 1 and 2 respectively, today advanced to the semi-finals of the National Clay courts tennis tournament but Pancho got a scare.

It took Gonzalez five sets and two and a half hours to turn back sixth-seeded Arthur Larsen, a wiry, little southpaw from San Francisco, 3-6, 6-4, 1-6, 6-4, 6-1.

Parker, who has won this meet five times, had little more than a nice workout belting aside Jack Tuero, the National Intercollegiate champion from Tulane, 6-1, 6-0, 6-2.

Gonzales' semi-final opponent will be Vic Seixas, third seeded star from Philadelphia, who rallied today for a 4-6, 6-2, 6-4, 6-1 victory over unseeded Fred Kovaleski of Hamtramck, Mich.

Parker's semi-final opponent will be Herb Flam, Beverly Hills, Calif., who downed Hugh Stewart, Pasadena, Calif., 6-2, 7-5, 6-2. Parker will meet Flam tomorrow. Gonzalez and Seixas will not tangle until Saturday.

White Sox Defeat Senators 6 To 2

Chicago, July 14—(P)—The Chicago White Sox scored four runs on one hit in the third inning and went on to trim Washington, 6-2 before 8,004 persons here tonight as Billy Pierce scored his second straight victory and fourth of the season.

Sam Mele batted in both Senator runs.

Washington outhit the Sox, 7-6.

Sid Hudson, who ended up suffering his eighth loss, was the victim of the White Sox fat third. He surrendered three walks before Eddie Robinson contributed an error.

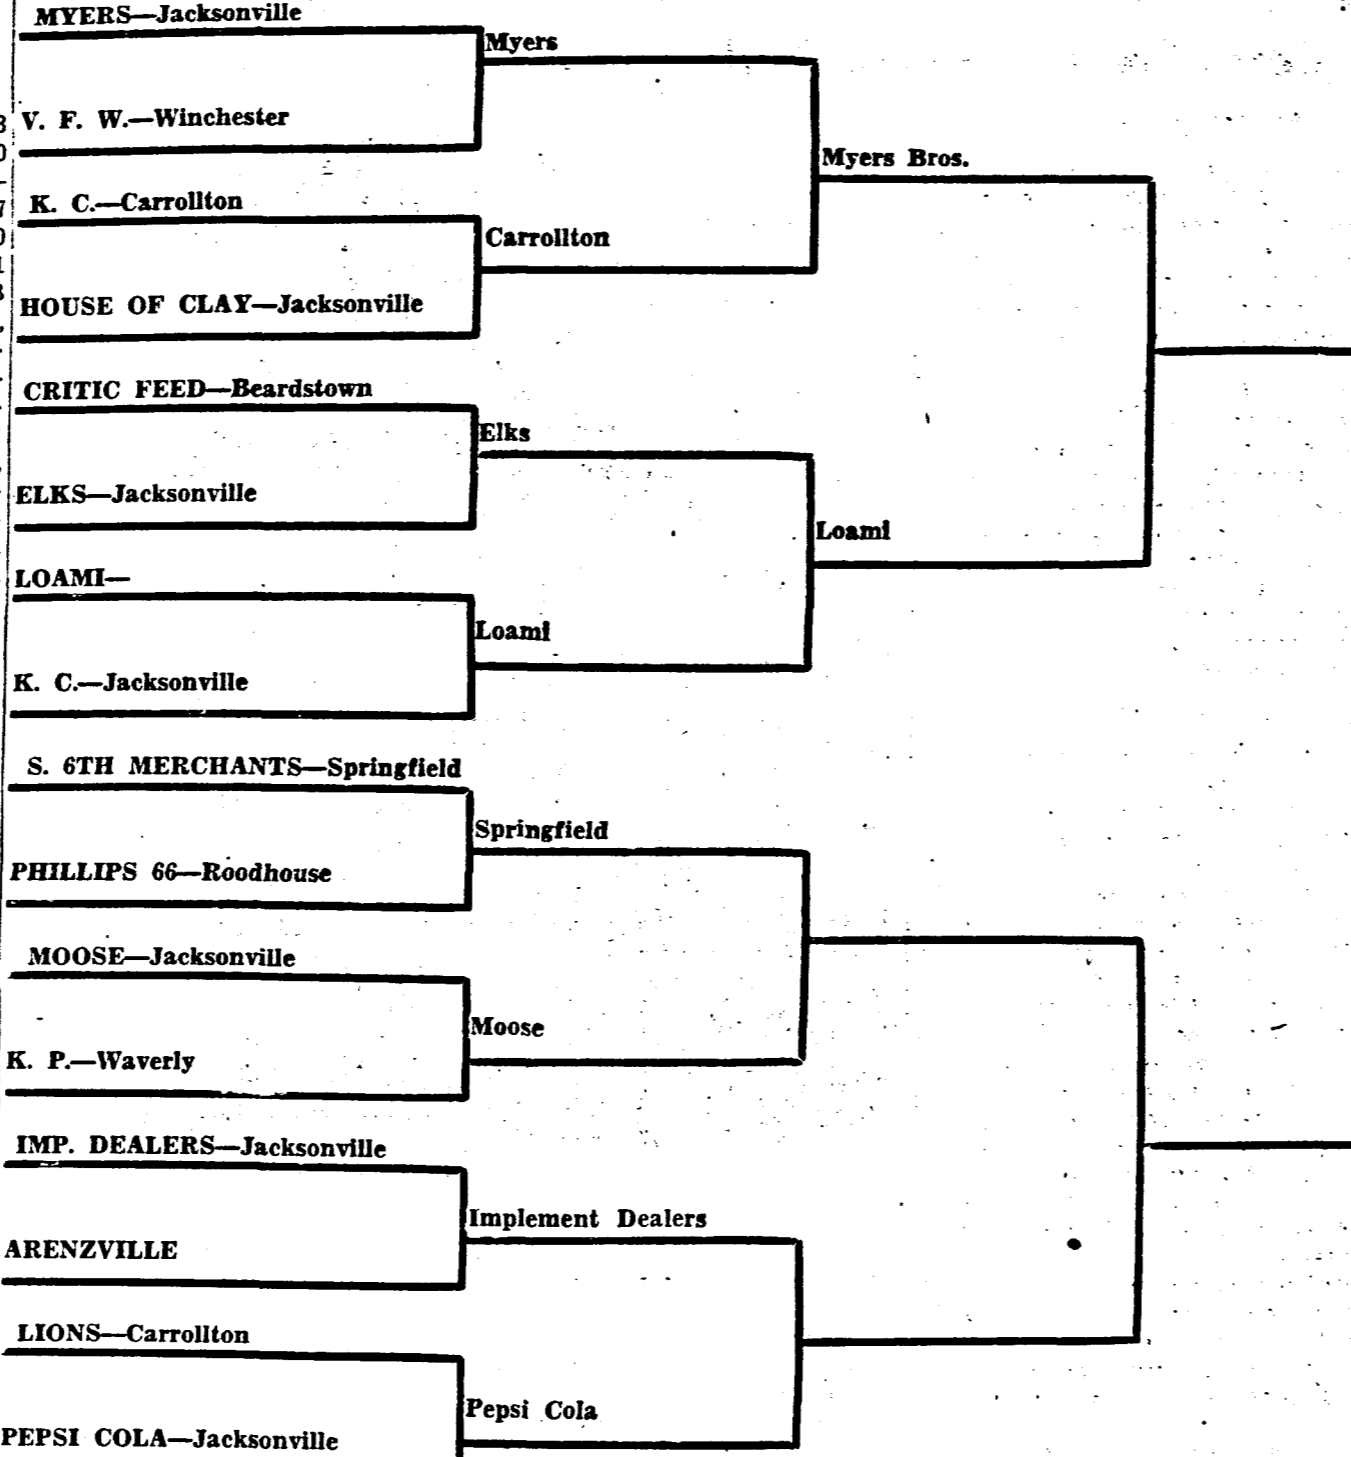

George Metkovich followed with a bases full single.

Metkovich batted in his third run in the seventh. Dave Philley then stole home by working a double steal with Luke Appling.

TOURNEY CHART

Fred Haas, Jr., Leads First Round In Dapper Dan Golf

Pittsburgh, July 14—(P)—Lumber Fred Haas, Jr., the New Orleans family man, hit a hot streak of golf on a hot day to lead the field in the first round of the \$16,500 Dapper Dan open at the Alcona golf course today.

Haas, picking up five birdies in a row on the back nine, shot a six-under-par 66 over the hilly, 6,850-yard course to take a one-stroke lead over national P.G.A. champion Sammy Sneed of White Sulphur Springs, W. Va. Herman Barron of White Plains, N. Y., and 1946 national open champion Lloyd Mangrum of Chicago.

Par is 36-36-72. Haas, playing with almost no gallery except his small daughter, gained all his strokes on the second nine, adding a sixth birdie on the final hole.

Sneed, the noted putt-misser, did it again today to miss out on a tie for the lead. Coming up on the last hole, Sammy pitched an iron shot about four feet from the pin, then rimmed the cup with his putt. It was almost a duplicate of the putt that cost him a tie in the Reading open last week.

At that, Sammy didn't do as badly as Cary Middlecoff, the national open titleholder and leading money-winner on the pro circuit. The Memphis dentist, hitting his shots badly all day, finished with an even par 72 and said he was lucky it wasn't a 75.

Two strokes behind the leader were the veteran Felix Serafin of Scranton, Pa., and Otto Greiner of Baltimore with 68's. Five players had 69's, including Jim Ferrier of San Francisco, who had seven on the par-three first hole.

Yankees Shutout Brownies 5 To 0

St. Louis, July 14—(P)—Allie Reynolds struck out ten batters and yielded only three hits in pitching the league-leading New York Yankees to a 5-0 shutout over the St. Louis Browns tonight for his tenth victory.

Left Fielder Gene Woodling sparked the Yankee offense with a triple, double and single in four trips. He drove in two runs as did Joe DiMaggio, who had a double in three trips.

The shutout triumph was the tenth victory for the Yanks in their last 13 games.

3 Reds' Contempt Convictions Upheld

New York, July 14—(P)—The U.S. Court of Appeals today upheld the contempt of court convictions of three of 11 leading U.S. communists now on trial on charges of advocating violent overthrow of the government.

The three who were remanded to Jail by Federal Judge Harold R. Medina were Gus Hall, Henry Winston and Gilbert Green.

The opinions, involving sentencing of Hall and Winston on June 3 and Green on June 20, held as lawful their sentences which are to run for the duration of the trial.

Criticize Church Using State Power To Gain Members

Chichester, Eng., July 14—(P)—The World Council of Churches today criticized "any church which seeks to use the power of the state to enforce religious conformity."

The action was taken after a British Baptist clergyman cited what he termed "oppression" of Protestants in Spain.

The policy-making central committee of the council, hearing the close of a six-day session on world church problems here, added, "we resist all endeavors to spread a system of thought or of economics by unscrupulous intolerance, suppression, or persecution."

The resolution which the committee adopted was placed before the council by Dr. M. E. Aubrey of the Baptist union of Great Britain. The resolution made no mention of Spain but Dr. Aubrey declared: "There is oppression in Spain. We must sympathize with the Roman Catholic church under oppression behind the iron curtain but we must recognize that in Spain there is oppression of other communities."

J. C. WEIGEL ELECTED PRESIDENT OF STATE CIVIL SERVICE GROUP

Springfield, Ill., July 14—(P)—John C. Weigel of Joliet today was elected president of the Illinois Civil Service commission.

Weigel's appointment as a member of the three man commission was announced only yesterday by Governor Stevenson.

The retiring president is Robert L. Hunter of Chicago, who remains as a commission member along with Ernest Hoover of Taylorville. Hunter headed the group since 1941.

Weigel spent 15 years in the state service before he left to take a federal job in 1941. Most of his work was with the state welfare department.

Great Cat Burglar Arrested In N. Y.

New York, July 14—(P)—A man described by police as "probably one of the greatest cat burglars of all times" was arrested today in the lobby of the fashionable Hotel Plaza.

Police identified him as Raymond Judson Carter, 30, and said he admitted 43 burglaries in a single hotel here with a total loot of \$37,000.

Authorities said his spoils from burglaries in other hotels may well be in excess of \$50,000.

Police said Carter operated by selecting a hotel for a burglary and then renting a room there. Then he would remove his shoes, and sometimes his socks, crawl along a ledge to a window and enter a room.

CARROLLTON

Carrollton—W. H. Brown, farm adviser, Henry Day, Henry Roodhouse and Verne Martin spent Wednesday in Mt. Vernon on business.

Judge and Mrs. G. K. Hutchens returned home Tuesday from Owl's Bend, Mo. where they spent a week. Their son-in-law and daughter, Mr. and Mrs. William Thiebaud of Belle Glade, Fla. will arrive next week for a visit at the Hutchens home and also with Thiebaud's parents, Mr. and Mrs. Oscar Thiebaud.

Mrs. Mary Lou Hoyt and sons of Springfield are spending several days here with her parents, Mr. and Mrs. R. H. Clananahan.

Sgt. and Mrs. Charles Graves of Manchester, New Hampshire are spending two weeks here with their parents, R. Graves and Mr. and Mrs. Burns Smith.

Miss Mary Louis Richards of Kane was a guest Monday night of Miss Betty Ann Siebermann at the home of her parents, Mr. and Mrs. Oren Siebermann.

IRISH FREE RIDES WORRY BRITISH

Orpington, England—(P)—A new kind of Irish question is before the Ministry of Labor in London. It's what to do with men and women who sign up in the Republic of Ireland to do nursing in Britain, accept a free four-pound (16-dollar) ride over and then leave their hospitals to take other jobs.

The management of the County Hospital here, which complained to the ministry about this, said 15 of 33 such recent recruits already have left.

One young Irishman, it reported, stopped only long enough to have a cup of tea—Also free.

Myers Bros.-Loami Go Into Semi-Finals Of Softball Tournament

Myers Bros. and Loami advanced down the semi-finals of the invitational softball tournament last night in two thrill packed games. Most spectacular game of the series, Loami managed to eliminate the Elks in a 2-1 heartbreaker. Score of the Myers Bros.-Carrollton tussle was 7-2.

In the opener, Carrollton never seemed to get hold of the ball. Though the Myers club was never in serious trouble, seven Carrollton errors contributed to the victory.

The final game saw a brilliant Elk team go into the last half of the seventh with a 1-0 lead. The Elk pitcher had given but one hit up to that point.

Then Loami put up a four hit rally which pushed two runs across the plate to end the ball game.

First man up, Paisley, doubled to center field. Temblin followed with a single to center scoring Paisley from second and tying up the ball game. In the attempt to catch the runner at the plate Temblin advanced to second. Temblin went to third on an infield hit, then seconds later

Myers Bros. raced home on a hard hit infield ball down the first base line. Four hits in a row ended the game.

Tonight Pepsi Cola will meet the Implement Dealers at 8 p.m. and the Springfield Merchants will finish the program against the Jacksonville Moose at 9:15. Winners of these contests will advance to the semi-finals.

The tourney finals will be played Sunday night. Trophies will be awarded in a ceremony following the tournament.

Navigation Firm Sues Stevedore Union Of Hawaii

Honolulu, July 14—(P)—The Matson navigation company filed suit today in federal court for \$1,500,000 against the International Longshoremen's and Warehousemen's union and two maritime unions.

It claimed the amount as damages for the stevedore strike that has tied up Hawaiian shipping since May 1. It asked \$20,000 additional damages for each day the strike continues.

A Matson company spokesman said the suit was filed under provisions of the Taft-Hartley act that authorized companies to "sue for damages resulting from illegal acts by unions" and for "damages by reason of breach of existing contracts."

The maritime unions sued were the Marine Cooks and Stewards, which like the ILWU is CIO, and the Pacific Marine Firemen, Oilers, Water-tenders and Wipers Association, an independent.

N. Y. Giants Edge Pittsburgh 4 To 3

New York, July 14—(P)—Johnny Mize slammed his 14th home run of the season with one on in the first inning tonight to lead the New York Giants to a 4-3 victory over the Pittsburgh Pirates. Johnny Hopp blasted a three-run homer off Larry Jansen in the third to account for all of Pittsburgh's runs. The blow was Hopp's first of the season and Schoendienst, Card 20th yielded by Jansen.

Henry Thompson scored two of the Giants runs, one on his opening round triple and Whitey Lockman's single. The other tally proved to be the winning marker in the third when he walked, advanced on a single and an out and scored on Mize's fly.

Cleveland Beats Athletics 7 To 1

Cleveland, July 14—(P)—Bob Lemon hurled his 10th victory of the season for the Indians tonight, defeating the Philadelphia Athletics and Alex Kellner, 7 to 1.

Rookie shortstop Ray Boone hit his third homer for two tribe runs in the second inning, and Cleveland's centerfielder, Larry Doby, swatted his 14th in the fifth.

The luckless A's, dropping their sixth straight, could hit safely off Lemon only three times, and two of those hits were in the fifth inning.

In that frame, Mike Guerra singled to left, took second when Kellner walked and scored on a scratch single by Eddie Joost off Lou Boudreau's glove. That was the Athletics' only run.

This was Cleveland's ninth victory in 10 games.

Boston Red Sox Down Tigers 5-2

Detroit, July 14—(P)—The Boston Red Sox, propelled by Al Zarilla's home run with Bobby Doer aboard in the eighth, turned back the Detroit Tigers, 5 to 2, tonight in the opener of a three-game series.

It was the eighth straight win for the rampaging Red Sox. They got a strong assist from Detroit's weak defensive play and the Tigers' inability to produce hits with runners on base.

Joe Dobson, Boston hurler gave up nine hits in putting away his seventh win.

Chance To Win 4 Year College Scholarship Awaits Derby Winner

More than praise from his townfolk awaits the winner of the All American Soap Box Derby next Sunday afternoon. He gets an all-expense paid trip to Akron, and a crack at the biggest prize a boy can win, a four year scholarship in any college of his choice. In addition there will be many other prizes awarded.

The W. F. Armstrong Trophy, a handsome plaque depicting a Derby racer flashing across the finish line, will be the top award given to the winner by the Chevrolet Motor Division, co-sponsor of the Derby, along with the Journal Courier.

The trophy is similar to that awarded to Jacksonville champions in the past two years, but it has been renamed in honor of the new general manager of the Chevrolet Motor Division. It is three-dimensional, with the miniature racing car, driver and finish-line flagman resting on a platform. The background is of highly polished birch, and the Derby emblem affixed to it is red, white and blue enameled on metal.

Loyal Daughters, Class At Ashland Holds Meeting

Ashland—The Loyal Daughters class of the Christian church met Tuesday night in the church. The meeting was opened by singing "I Know My Redeemer Liveth," with prayer being offered by Mrs. Len Paul.

Roll call was answered by a verse of scripture. The scripture reading was given by Mrs. Betty Kruse. Mrs. Artie Walker had charge of the devotion. A Bible geography concerning the Old Testament was enjoyed. Refreshments were served in the basement by the hostesses, Mrs. Grace Deaton, Mrs. Rae Braker, Mrs. Ella Yancy and Mrs. Cora Moore.

The Centenary Community club met Wednesday at the home of Mrs. Ezra Masten.

Walter Evans has returned to his home in Lafayette, Ind., after a few days visit at the home of Dr. and Mrs. John Wolaver.

Rita Devoy of Jacksonville is spending a several weeks visit at the home of her grandmother, Mrs. George Wankel.

Mr. and Mrs. Robert Corbin of Columbus, Ohio spent the week end at the home of Mr. and Mrs. Fred Prior.

Mrs. Ray Endicott has returned home from a few days visit with relatives in Panama.

Mr. and Mrs. Bob Holmes are parents of a daughter, born Saturday morning at St. John's hospital, Springfield. The infant, named Eleanor Jane, weighed six pounds and 13 ounces.

Chicago, July 14—(P)—The case of the Wayward Pots and Pans cooked up a \$100,000 damage suit today.

Hyman Bronstein, 35, a salesman who filed the suit charging the Steele Stainless Steel Co., Chicago, with false arrest, released.

1. Last fall while in Denver, he quit his job as salesman for the company, leaving his sample case of pots and pans, valued at \$320.40, with his landlady, Mrs. Ralph Gilman, of Denver. He asked her to ship the cookery equipment to the Chicago firm.

2. He returned to Chicago and went to work for a loop clothing store where he was arrested December 27, imprisoned 24 hours, and later released. A larceny charge against him was dismissed for want of prosecution January 12.

3. Still pending in court is a civil suit against Bronstein by the company asking a judgment against him for the \$320.40 value of the kitchenware.

An official of the company declined to discuss the suit.

Versailles—Jimmie Vancil showed his Hampshire hogs at the Griggsville fair last week and won six firsts, three seconds, and grand champion of the Hampshire herd.

Jimmie, a progressive member of the F.F.A., plans to attend the Augusta show. He is the son of Mr. and Mrs. Leo Vancil.

Bill Davenport and Gale Cox were among the 500 candidates initiated into the Odd Fellows lodge at a ceremony in Springfield recently.

Four thousand attended the barbecued buffalo meal. Thirty-five members of the local lodge were present.

COURTESY CAMPAIGN OVER

Yesterday marked the end of the Chicago Motor club courtesy campaign which has aroused interest in this community the past five days. The campaign, annual project to cut traffic accidents, was termed a "success" by Chicago Motor club officials.

The two winners are shown above. They are right, John W. Henbrough, 301 East Vandavia road, and left, Frank Boston of Winchester. Chief Frank Kiloran, left of the

Jacksonville Police department, and served in the navy during World War 1.

Mr. Boston stood out from other drivers observed because of his constant lawful speed and approach to route 36, on College avenue.

Another driver for 30 years, Boston is a serviceman for the Illinois Rural Electric company in Winchester.

Campaign officials in closing the five day search for courteous drivers, remarked that courtesy should be more than a five day affair, it should be an everyday one.

Society Forced To Stop Home Search For Dogs And Cats

The Humane society announced today that it has had to suspend its home finding operations for pets due to a shortage of homes available.

A Humane official stated that several cases have been reported where people coax pets into their homes, then call the police or the Humane society to take them away. "This is unfair, both to the pet and to the Humane field officer," the official said.

Several non-residents of Jacksonville have brought animals into the city limits and let them free. The police and the society will prosecute any persons caught doing this in the future, it was stated.

The Humane society operates only within the city limits of Jacksonville. Any call from outside the city must be paid for by the caller.

All calls should be made to Jesse Wright, field representative. The phone number is 1759.

MISS MARY MARTIN NAMED AS ASSISTANT ATTORNEY GENERAL

Springfield, Ill., July 14—(P)—Miss Mary C. Martin of Hillsboro was appointed today as an Illinois assistant attorney general—the first woman to serve in that job in the attorney general's Springfield office.

She is the second woman named by Attorney General Ivan A. Elliott to his legal staff. Miss A. Zola Groves, a native of Adams county, recently was appointed an assistant attorney general in the Chicago office.

ANIMALS TO BE SHOCKED

Lueneburg, Germany—(P)—An "electric chair" for animals is to be bought by the local animal protection society. Members consider electrocution to be less painful for animals to be destroyed than poisoning or shooting. The society had an electric chair once before but it was stolen.

The state sentenced the 28-year-old St. Louis pediatrician lay in wait for Hattman, struck him on the head and then stabbed him.

The defense contended the death occurred during a fight which followed Dr. Rutledge's attempt to persuade Hattman to cease his attentions to Mrs. Sydney Rutledge, the doctor's blonde, 22-year-old wife.

Grounds for the new trial listed in the motion included:

Objection to one of the jurors, Emil Novotny, who the motion claimed was "biased and prejudiced" before the trial. Affidavits were presented with the motion in support of this contention.

Objection to the demonstration staged by County Attorney William Crissman and Assistant County Attorney David Elderkin during closing arguments. The demonstration covered the state's theory of how Hattman was knocked out and at first lay on the floor on his back, then was rolled over by his assailant and stabbed in the back.

Minor Accidents Injure Two People

Bob Stricker, an employee at the Cornbelt Chevrolet company, sustained minor lacerations on his hand while at work Thursday morning.

He was treated by Dr. Harold Norris at Our Saviour's hospital and later released.

Louis Rutherford of Springfield was injured on West State street Wednesday morning when a tree which he was trimming fell on him.

He suffered abrasions to his back. He was treated at Our Saviour's hospital and later dismissed.

Final obstacle to Jacksonville Soap Box Derby contestants is the official inspection. Seen above are members of the Exchange club inspection crew giving one of the cars the final check. They are from left, right Vern Anderson, Perry Roberts, Larry Omundson, Glen Spencer, and Letson Reid.

The racers are particularly checked for brakes and steering control. An inspection official said that no boy will be allowed to drive his car unless it meets the official standards. He pointed out that the cars attain a speed of 28 to 30 miles an hour on West Grove, and must be mechanically sound.

Wednesday night, 14 cars were checked. Of these, eight required further work. Two were rejected, but are undergoing changes which will enable them to compete.

Thursday night the rest of the cars came in. Inspection officials stated they hoped to have all cars inspected today.

The race will begin at 1 p.m. Sunday, July 17.

JERSEY CORN OUTLOOK IS VERY PROMISING

Jerseyville—The outlook for a bumper corn crop in Jersey county again this season is quite promising, many farmers reported Wednesday morning.

Early planted corn is rapidly nearing maturity, and such acreages have tasseled and ears are shooting. The recent heavy rainfall over much of the county has practically insured a large production for such early planted fields.

Englishman Pleads Innocent To Rape Charge Of Wife

Leeds, Eng., July 14—(P)—Edward Clark, a 35-year-old truck driver, pleaded innocent today to a charge of raping his wife.

His counsel argued that, under British law, a husband couldn't be guilty of doing such a thing.

The two had been living separately. The wife, Mrs. Mary Clark, won a magistrate's order saying she was "no longer bound to cohabit" with her husband, because he was persistently cruel.

Judge Laurence Byrne maintained that because of the magistrate's order, the husband was not entitled to have intercourse with his wife without her consent. He ordered the trial to proceed.

The prosecuting attorney opened the case by telling the court that one night after the wife and husband had separated "Clark cajoled her into a doorway and then lifted her over a wall."

"A struggle took place," the prosecutor said, "and then the accused committed the offense."

Clark said he had acted with his wife's consent.

MEREDOSIA VISITORS

Exeter—Mr. and Mrs. Harry Ratiagan visited Mrs. Ellen Hyde and Mr. and Mrs. Ike Bennett of Meredosia.

The Morris and son, Jimmie of Chicago are visiting friends here.

The grading of the road from Exeter to Bluffs is near completion.

UAW Will Seek To Make Progressive Political Party

Milwaukee, July 14—(P)—The huge CIO United Auto Workers union, its internal politicking set aside for the time, turned attention today to the national political scene.

Up for debate on the heels of a militant labor address by Rep. Franklin D. Roosevelt, Jr. (D-NY) were two resolutions on political action.

One, a one-man minority report, asked formation as the union's official political objective as "a genuine progressive political party."

The second, submitted by the resolutions committee majority, asked political action independent of any party but supporting candidates operating in a liberal coalition.

The 2,400 delegates heard young Roosevelt, the freshman member of Congress, blast United States Steel for its refusal to accept President Truman's mediation plan in the steel dispute.

State Department Hints U. S. Policy Change With China

Washington, July 14—(P)—Two important developments in United States relations with China were forecast today by state department officials. Together they indicate the early emergence of a new China policy.

Michael J. McDermott, state department press officer, said that a "white paper" on American-Chinese relations—due to include the long secret Wedemeyer report—is expected to be published within two weeks.

Following release of the white paper, McDermott said, information may be forthcoming on "what we are going to do in the future: regarding the Chinese situation."

From other informants it was learned in this connection that the Truman administration, through the National Security council, which includes both Secretary of State Acheson and Secretary of Defense Johnson, has been working intensively on plans for dealing with the speed of communism in China and the threat of communism in the far east generally.

Department Gets Many Requests For Information

The Home Service Department of the Morgan County Red Cross chapter has reported it has received numerous requests from local families concerning servicemen overseas.

It also receives frequent requests from military authorities in foreign countries for information about families living in this community. Alma Mackness, executive secretary said.

She reports that the Home Service department can be contacted through the local office on East Morgan.

Dinner, Meeting Held By Glasgow Mission Society

Glasgow—The Glasgow Christian Missionary society met Wednesday at the home of Mrs. Lela Hester. A potluck dinner was served at noon, with 12 members and two guests present.

The meeting in the afternoon began with a devotional period, with the scripture reading given by Mrs. Lou Adams. The lesson topics, "The Church Finds Them Here" and "Organized Work in Home Missions," were presented by Mrs. Marjorie Sherwin and Mrs. Oma Edwards, respectively. The meeting closed with a hymn and missionary benediction.

During the social hour, a program was prepared and given by Mrs. Lou Adams. The next meeting will be at the home of Mrs. Edith Jones on Wednesday, Aug. 10.

W. D. McEvers, B. E. McEvers and Mrs. J. B. Hazelrigg, all three local residents, are confined to their beds at their respective homes by illness.

Mrs. Estelle Cowper and daughter, Sandra, and Mrs. Arty Howard of Glasgow and Miss Geraldine Garrison of Winchester were in Pittsfield Tuesday.

Carrollton—Dellwood took both heats in the Northern Illinois Cold Stake yesterday at the Greene County Fair races to win a \$650 purse for his owner, Sadie M. Rumby of Princeton. Driver was C. F. Rumley.

The first heat in the three year old trot, with a purse of \$250, was won by Hideaway Hanover, owned by the Bartlett brothers of Milwaukee, Wis., and driven by Hawkins. Eva Braun, owned by George A. Braun of Macomb and driven by Cunningham, copied the second heat.

Winners in the 2:40 pace were: Belle Ken, owned by Steve W. Astor of Peoria, with Parkinson as driver; Carol Cumban, owned and driven by Ralph Buss of Mt. Sterling.

Union Heads Seek To Get Britain's Dockers To Work

London, July 14—(P)—Union leaders made a new effort tonight to coax London's 14,289 idle dockers back to work on the government-seized Thames river waterfront.

Chiefs of two unions covering the dock workers met with an unofficial committee of the strikers to try to unravel the claims and counter-claims that have tied up 134 ships, many for 18 days.

More soldiers, sailors and airmen went into the miles of wharves to bring off food and other cargoes. By tomorrow, say officials running the docks under a state of emergency declared by King George VI, troops working in the docks will total about 7,000.

The strikers contend they are being prevented from working by the dock labor board, which insisted no ships could be unloaded until the men unloaded two Canadian ships involved in a strike of Canadian seamen. They refused to do. The government has contended the Canadian seamen's union is dominated by communists.

Shore said his ban referred to all forms of gambling. This includes the big Peoria baseball pool, which has his daily winners as high as \$9,000, and punchboards. He said several Peoria taverns had punchboards behind their counters.

The prosecutor asked Sheriff Earl E. Spainhower and Mayor Joseph O. Malone for their aid. Spainhower said he would assist all law enforcement agencies and added that "if the state's attorney would appoint a special police force, as he says he may, it might be a good thing for the county." The sheriff added he didn't have enough officers for a fulltime patrol of the entire county.

Exchange Office Robbed Of \$9,000

Chicago, July 14—(P)—A robber today forced Louis B. Kraus, 45, manager of the Madison terminal currency exchange, to help him stuff \$9,000 into a shopping bag.

The pistol-carrying thug escaped with the money before Kraus could summon police to the exchange at 11 South Clinton street.

Kraus said he was standing outside the money cage when the man entered and asked assistance in obtaining an automobile license. When Kraus entered the cage, he said, the robber pressed the gun to his back and followed him in.

Youth, 20, Leaves \$162,117 Estate

Chicago, July 14—(P)—A 20-year-old Northwestern University student killed in an auto accident in Canada last year left a gross estate of \$162,117.

The value was reported in an inheritance tax return filed in county court today on the estate of Benjamin K. Edwards, Jr. Young Edwards, who died July 13, 1948, was the son of the late president of the Edwards and Bradford Lumber company, Des Moines, Iowa, who died in 1943.

Beneficiary of the estate is Mrs. Elizabeth E. Erickson, of 699 Sheridan Road, Evanston, Ill.

Puts Out Fire

The fire department was called to 347 South Diamond at 5:25 last night to extinguish a burning emergency brake. The car, a 1940 Plymouth, was driven by Mrs. Walrus Dealmeier.

Jerseyville Searches For New Water Supply

Jerseyville—Test holes are being bored in the Otter Creek Township vicinity for prospective water supplies for the City of Jerseyville by the engineering firm of Russel and Axon. The tests are being made in the vicinity of the Union Forest Springs from where the present city water supply is derived.

Louis Giers of this city, chief water plant operator, and others of his force have been assisting the engineers in the research work. It is hoped that a supply of water may be located in the deep gravel beds of the area to supplement the present quantity obtained from the Union Forest Springs.

The firm of Russel and Axon was retained some time ago by the city in conjunction with the problem of increasing the existing city water supply. Since signing the contract, the firm has been busy investigating various solutions for the problem. Axon, also consulted with the engineers and geologists of the State Water Board, State Geological Survey, and State Board of Health.

The actual field investigations are now being carried out and the springs supplying the city water have been visited and investigated from various angles. It is reported

that the supply of water from the main springs has gradually declined over the past few years.

The water supply provided by the springs was adequate during the first years after the new system was built. The increase in Jerseyville's population and the constant adding of water users of the city supply has made it necessary to seek a source of additional water.

Extension of the city sewer system also became necessary and this has been taken care of during the past year.

Emmeline Gregory Dies At Meredosia; Funeral Saturday

Meredosia—Mrs. Emmeline Gregory, 71, passed away at 11:15 at the home of her son, Woodrow.

A resident of this community for 13 years, Mrs. Gregory was a lifelong member of Baptist church. Her husband, Joseph, preceded her death six years ago.

She leaves the following children: Ethel, Ida Floyd, Everett, Raymond and Woodrow, all of Meredosia. A twin sister, Evelan Susan, also survives.

Funeral services will be conducted at the Meredosia Baptist church Saturday at 2:30 p.m. by Rev. Ernest Dawdy. Interment will be in Oakland cemetery, Meredosia.

The body will be taken from Shaeffer Funeral Home Friday afternoon to the Woodrow Gregory home, where it will remain until the hour of the rites.

Jersey Property Assessed At More Than \$9 Million

Jerseyville—The total assessed valuation of property in Jersey county for 1949 as fixed by assessors of the various townships is \$9,899,680 according to the abstract of assessment just completed by County Treasurer August F. Ferenbach and his deputy, Mrs. Velma Bosworth.

This figure shows an increase of \$2,300 over the valuation fixed last year by the Board of Review, which was \$9,897,380.

The total valuation of Lots this year is \$36,370 more than the Board of Review lot value last year, and the lands show an increase of \$10,930.

A reduction of \$45,000 in the personal property this year, however, reduces the total increased valuation to \$2,300 in the over-all figure.

Lots valuation this year totals \$2,305,290; lands, \$5,679,110, and personal property, \$1,825,280. The Board of Review figures last year were as follows: lots \$2,258,920; lands \$5,668,180 and personal, \$1,870,260.

Threatened For Calling Halt To Peoria Gambling

Peoria, Ill., July 14—(P)—State's Attorney Michael A. Shore said today he had received telephoned threats of death because of his edict yesterday ordering all gambling to cease in Peoria county.

The threats, he said, were made to his home and office. He said he could not identify the callers from their voices.

Shore said his ban referred to all forms of gambling. This includes the big Peoria baseball pool, which has his daily winners as high as \$9,000, and punchboards. He said several Peoria taverns had punchboards behind their counters.

The prosecutor asked Sheriff Earl E. Spainhower and Mayor Joseph O. Malone for their aid. Spainhower said he would assist all law enforcement agencies and added that "if the state's attorney would appoint a special police force, as he says he may, it might be a good thing for the county." The sheriff added he didn't have enough officers for a fulltime patrol of the entire county.

Helicopter Mail Service To Stop

Chicago, July 14—(P)—Helicopter Air Service, Inc., notified the post office department today of postponement of helicopter air mail flights in the Chicago area until Aug. 20 or later.

The company said a strike at Bell Aircraft corporation since June 13 occasioned the delay. Bell makes the helicopters which the service will use.

Originally shuttle air mail flights between the main postoffice building and the Chicago Municipal Airport were to start July 23 and suburban service Aug. 8.
